

Disney Two Story Modular Project
Update 10/20/22

Dear Disney Parents and the Community,

A lot has happened since the summer work push to have the new Disney Two Story Modular building ready for the start of school. The new blacktop and sealing has been completed, the beautiful new grass field has been growing and establishing it's root system and the new play structure is in full swing to name a few of the new things happening at Disney!

For the next few weeks we will be working on the finishing touches such as the new playground features and striping, new blinds for all of the classrooms, park like seating at the lunch shelter area and other great things. The pictures below are sample pictures of the new tree well planters and Crepe Myrtle 8-10' trees that will be coming very soon to the Disney outdoors areas!

Expect more exciting information coming soon!
Thank you for your support!
