TO: Members of the Board of Education
FROM: John Paramo, Assistant Superintendent, Educational Services
PREPARED BY: Kimberley A. Clark, Executive Assistant to the Superintendent
SUBMITTED BY: Kimberley A. Clark, Executive Assistant to the Superintendent
DATE: October 15, 2020
SUBJECT: Second Reading and Approval of Revision of Selected Board Policies and Administrative Regulations, BP 0415: Equity

Background:
The Board of Education began the process of comprehensive review and revision of the entire Board Policies and Administrative Regulation Manual, contracting with the California School Boards Association (CSBA) – Governance and Management Using Technology (GAMUT), beginning in December 2005. CSBA – GAMUT provided consultation and facilitated the policy revision process. The District’s continuing agreement with CSBA – GAMUT provides for suggested policy periodically throughout each calendar year. A first reading was held on October 1, 2020, and no additional changes were identified at that time.

The Board of Education formed a working group of community members and district staff: The Diversity, Equity, and Inclusion Committee. Based on the work of the group, an Anti-Racism policy was created. The Anti-Racism policy language has been incorporated into existing Board Policy 0415 (Equity) for the Board’s consideration. Changes are shown in red, with additions underlined and deletions struck through.

Discussion/Issues:
Copies of revised policies and administrative regulations will not be duplicated for general distribution. Copies may be obtained by contacting the Superintendent’s Office at (818) 729-4422 or via e-mail at: KimberleyClark@burbankusd.org

Fiscal Impact:
None

Recommendation:
John Paramo, Assistant Superintendent, Educational Services, will facilitate the Board’s second reading and approval of the proposed revision of selected Board Policies and Administrative Regulations from the California School Boards Association (CSBA) – Governance and Management Using Technology (GAMUT), as presented.
The Board of Education believes that the diversity that exists among the district's community of students, staff, parents/guardians, and community members is integral to the district's vision, mission, and goals. Addressing the needs of the most marginalized learners requires recognition of the inherent value of diversity and acknowledgement that educational excellence requires a commitment to equity in the opportunities provided to students and the resulting outcomes.

In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the district shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The Board shall make decisions with a deliberate awareness of impediments to learning faced by students of color and/or diverse cultural, linguistic, or socio-economic backgrounds. To ensure that equity is the intentional result of district decisions, the Board shall consider whether its decisions address the needs of students from racial, ethnic, and indigent communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.

(cf. 0400 - Comprehensive Plans)
(cf. 0460 - Local Control and Accountability Plan)
(cf. 6162.5 - Student Assessment)

2. Analyzing expenditures and allocating financial and human resources in a manner that provides all students with equitable access to district programs, support services, and opportunities for success and promotes equity and inclusion in the district. Such resources include access to high-quality administrators, teachers, and other school personnel; funding; technology, equipment, textbooks, and other instructional materials; facilities; and community resources or partnerships.

5. Adopting curriculum and instructional materials that accurately reflect the diversity among student groups

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

6. Providing and/or collaborating with local agencies and community groups to ensure the availability of necessary support services for students in need

8. Providing district staff with ongoing, researched-based, professional learning and professional development on culturally responsive instructional practices

9. Conducting program evaluations that focus on equity and address the academic outcomes and performance of all students on all indicators

The Board shall regularly monitor the intent and impact of district policies and decisions in order to safeguard against disproportionate or unintentional impact on access to district programs and achievement goals for specific student populations in need of services.

Racism:

The Burbank Unified Board of Education (“Board”) and the Burbank Unified School District (“district”) reject all forms of racism as destructive to the District’s mission, vision, values, and goals. The Board is committed to the following principles:

1. Establishing and sustaining a school community that shares the collective responsibility to address, eliminate, and prevent actions, decisions, and outcomes that result in and perpetuate racism.

2. Eliminating inequitable practices and cultivating the unique gifts, talents, and interests of every child to end the predictive value of social or cultural factors, such as race, ethnicity, class, sexual identity, sexual orientation, or gender, on student success.

3. Respecting, honoring, integrating, and championing the diversity and life experiences of all children, parents/guardians, and community members to support the school district’s mission, vision, values, goals, and objectives.

4. Acknowledging that racism is often compounded by other forms of discrimination, including, but not limited to, the protective classes identified by the state and federal government.

Purpose:

Personal and institutional racism have historically existed in the United States of America and continue to exist, even in our community. Combating racism in our schools is a legal and moral imperative.
In this district, there are disparities between racial groups in student academic performance, achievement, and participation in academic and extra-curricular programs. These include disparities in graduation rates, gifted identification, course participation, special education identification, standardized test scores, and suspension rates. Disparities also exist between the racial demographics of the students in the district and the staff the district hires.

These equity gaps exist because of inequitable access to opportunities that have significant intergenerational effects and perpetuate economic, social, and educational inequity. However, racial inequities were created over time and can be eliminated. Similarly, personal prejudices and biases are learned and can be unlearned. Educators play a vital role in reducing racism and inequity by recognizing the manifestations of racism, creating culturally inclusive learning and working environments, and dismantling educational systems that directly or indirectly perpetuate racism and privilege through policy, teaching, and practice.

The Burbank Unified School District officially denounces racism, which is defined as: A highly organized system of “race” based group privilege that operates at every level of society and is held together by a sophisticated ideology of race/color supremacy. According to sociologists Noel Cazenave and Darlene Alvarez Madden, “Racism has a component of power and privilege” (https://www.cta.org/our-advocacy/social-justice/black-lives-matter).
