

# How to Schedule COVID-19 Vaccination

Step 1: Visit - <https://www.cvs.com/immunizations/covid-19-vaccine>

Step 2: Select "California"

The screenshot shows the CVS Pharmacy website's COVID-19 vaccine page. At the top, there is a search bar and navigation links for Pharmacy, MinuteClinic, HealthHUB, Shop, ExtraCare, Contact Lenses, and Photo. Below the navigation, there are breadcrumb links: Home > Pharmacy > COVID-19 Vaccine. The main content area features a large heading: "Now offering the FREE\* COVID-19 Vaccine". Below this, it says "Schedule an appointment for the vaccine in select stores based on local eligibility guidelines." and "No cost with insurance or through federal program for the uninsured." To the right of the text is an image of a person wearing a blue face mask and a striped shirt, with a healthcare worker in blue gloves administering a vaccine into their shoulder. At the bottom of this section is a red banner with white text: "Whether you are vaccinated or hoping to be soon, share what you can't wait to be #OneStepCloser to. >

## Learn where the COVID-19 vaccine is now available at CVS Pharmacy, by appointment only.

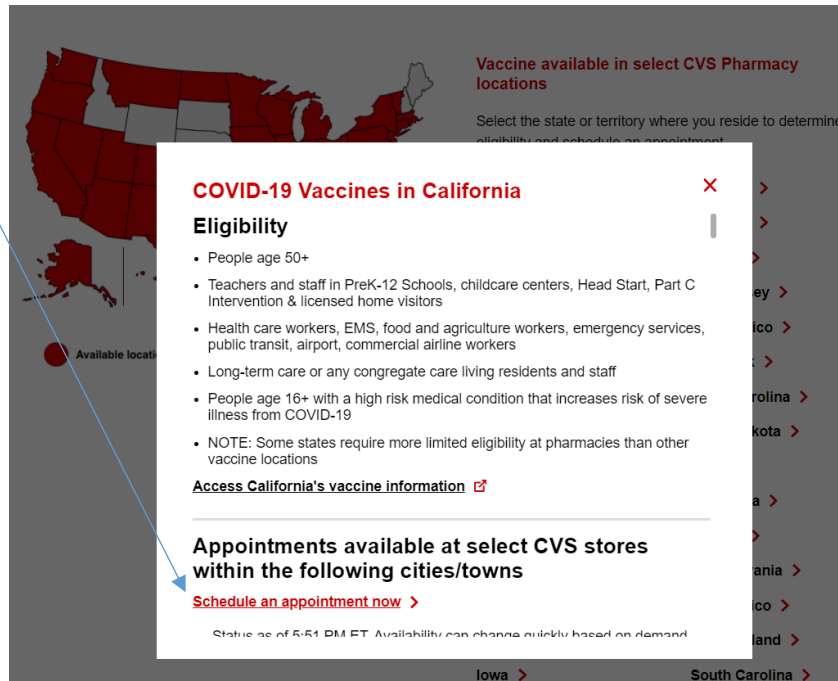

Depending on the manufacturer, a COVID-19 vaccine can require either one dose or two doses. When you're eligible, you may schedule your first and second doses online. Check back for updates on additional locations as they become available.

Note: If you only need to schedule a second dose because you've already received the first dose, [we can help you complete your vaccine.](#)

The map shows the United States with states colored red for "Available locations" and grey for "Unavailable locations". A legend at the bottom left of the map shows a red circle for "Available locations" and a grey circle for "Unavailable locations". A blue arrow points from the legend to the list of states. The list of states is as follows:

#### 4C) Select "California" in drop down list

### Determine eligibility

First, let's make sure you're eligible to receive the COVID-19 vaccine at this time. Please provide accurate info. Your responses help us quickly serve those at highest risk.

Also, if your area isn't listed it just means the vaccine is not yet available there. Don't worry, more locations are being added. Check our [COVID-19 Vaccination Resource Center](#) for updates.

All fields are required.

Select location where you want to be vaccinated:

California

#### 4D) Confirm Eligibility

### Confirm eligibility

Based on your location info, your state and/or jurisdiction requires that we ask some additional questions. Please provide accurate info for the person being vaccinated.

Age will be used to determine which vaccine(s) patients are eligible for.

Please be ready to verify once you get to your pharmacy/clinic.

All fields are required.

What is your age? (if scheduling someone else, indicate their age)

Enter numbers only

Which group applies?

- Age 50 and over
- Age 16 or over with medical conditions that increase risk of severe illness from COVID-19
- In another priority group
- None of the above

I affirm that I have answered these questions truthfully and to the best of my knowledge and acknowledge that I may be asked to verify my eligibility information at my appointment. I also affirm that I will only book an appointment in the state for which I have answered these eligibility questions.

## How to schedule COVID-19 vaccine

You can't choose the COVID-19 vaccine you receive. It'll be determined by what inventory is available in your area.

### One-dose vaccine:

During this session, you'll schedule one appointment date within a range of available dates. The dose will be a complete vaccine.

### Two-dose vaccine:

During this session, you'll schedule two separate appointments. The timing of both equally important doses is recommended by medical experts. The date of your second visit will be determined by the date of your first visit. The second dose is mandatory for vaccination completion.

### You may need:

The vaccines are no cost to you, but we'll need to bill your insurance provider or the government. So grab your insurance card(s). If you don't have insurance, we'll ask for a valid Social Security number and/or a driver's license/state ID number.
