Confirm eligibility

These questions help us confirm your eligibility for COVID-19 vaccines.

☐ I certify that I am at least 18 years of age, or the parent or legal guardian of the minor patient.

☐ I certify that, to the best of my knowledge, the information submitted in this application is true and accurate. I understand that the information I provide here will be used to determine my eligibility for receiving the COVID-19 vaccination and when the vaccine will be made available to me. I give my consent to share my information that I provide here as needed with a licensed healthcare provider administering the vaccine, the California Department of Public Health and its contractors, and local health jurisdictions to provide me with COVID-19 vaccination services.

☐ I attest to the accuracy of the information provided and understand that falsifying information regarding eligibility could result in the delay of receiving a vaccine.

☐ I have read and accept the Privacy Statement (California Civil Code section 1798.17)

The California Department of Public Health (CDPH) has created this system for use by local health jurisdictions to collect information, which will be used to schedule you for an appointment to receive a COVID-19 vaccination, identify you when you arrive at the vaccination site, and assure you receive the correct second dose, if required. The information is collected pursuant to California Health and Safety Code sections 131050, 120175 and 120440 and will be kept confidential and on file as required by law. All requested information is mandatory to schedule your appointment, identify you when you arrive at the vaccination site, and assure you receive the correct second dose, if required. Not supplying the requested information will result in an inability to use this online service. Any information requested may be disclosed to the California State Auditor, the California Office of Health Information Integrity, the California Office of Information Security, or to other state and federal agencies as required by law. You have the right to review the records CDPH maintains about you during normal business hours. The CDPH Privacy Officer will, upon request, inform you regarding the location of your records and the categories of any persons who use the information in those records. For more information, contact the CDPH Privacy Office using the following contact information: California Department of Public Health, Office of Legal Services, Privacy Office, P.O. Box 997377, MS 0506, Sacramento, California 95899-7377 or by phone 1-877-421-9634.

Congratulations! You are eligible.

Find a location near you.

IMPORTANT NOTE: Some clinics returned for your search result may be outside your county of residence. Your appointment could be cancelled depending on the requirements set in the county you are seeking a vaccine. Each County sets their own geographic requirements and most limit vaccination to those who live or work within the county. So before booking a vaccine appointment outside your County of residence, check the other County's official government website to make sure you are eligible to be vaccinated in that County, otherwise your appointment could be cancelled.

NOTE: Even when you're fully vaccinated, it's still important to get tested if you've been exposed to someone with COVID-19 or have any symptoms. COVID-19 tests work the same for both vaccinated and unvaccinated people.

Step 5: Choose a testing location and schedule an appointment.
