July, 2021

Dear Burbank High School Families,

I trust that by now your summer plans are well underway and I hope that your household is well. Believe it or not, the final preparations for a return to campus in August are already well underway. We look forward to welcoming students back to our campus community for the 2021-2022 school year.

A reminder that Burbank Unified Schools and Burbank Senior High School utilize an online registration process. Households should review their information in Aeries to make certain it has accurately rolled into the current school year and that it remains accurate. Attached to this letter you will find essential information about student registration and orientation in August. Please review all materials. Families are also encouraged to checkout our website and social media frequently between now and the start of school.

The coming year will balance a return to normalcy with all that we have learned through more than a year of distance teaching and learning. We welcome several new administrators, counselors, teachers, coaches and staff to what is an accomplished and experienced team. We also look forward to welcoming the many sophomores and freshmen who will be setting foot on our campus for the first time. We are here for you!

Burbank Bulldogs are responsible, respectful and compassionate members of our school and community. They demonstrate “PRIDE” in all that they do. They are:

**P**urposeful  
**R**espectful  
**I**nnovative  
**D**etermined &  
**E**ngaged

Our students leave after four years of high school ready to compete on the global stage though they will always be Bulldogs! As your proud principal, I am committed to making your four years of high school the best experience it can be. I challenge each of you to get involved in a club, activity or sport and to find your passion. I thank our parents for trusting us with their student and encourage you all to join our PTSA. If we don't have it (yet), let's create it together!

See you soon,

*Thomas G. Crowther*
