Dear Parents and Guardians:

For your student’s success, it is important that you become involved in their education and school activities. An important factor in student achievement is a strong partnership between families and schools, in which parents are fully informed and provide support and direction to their children. Studies reveal that parental involvement in a child’s education is a major factor in determining success in school. In addition to fine educational opportunities for your child, each school has wonderful extracurricular activities for our students and parents. I encourage you to become involved so that you and your child can take advantage of these wonderful activities.

WELCOME TO OUR SCHOOLS

MISSION STATEMENT

The Burbank Unified School District, in partnership with parents, families, students, and community, guarantees the effective use of all available resources to create, provide, and support quality instructional programs, services, and environments. Every student will develop the skills, knowledge, attitudes, and behaviors in order to be a responsible, productive citizen and a lifelong learner in a diverse and changing global society.

District Anti-Racist Statement

The Burbank Unified School District officially denounces racism as the product of White default/supremacy culture and recognizes the impact of systemic and generational racism as traumatic to our country, community, and school district. In light of continuing racial violence, including the killings of Breonna Taylor, George Floyd, Andres Guardado, Dijon Kizzee, and many others, we also recognize that Black people in this country have had a unique and traumatic history in terms of racial relations, equality, and equity. We stand with the truthful and humane statement that all lives cannot matter until Black lives and the lives of indigenous and people of color (BIPOC) matter. We are taking steps to actively work towards being fully anti-racist, not only in word, but also in policy, practice, and accountability. Change is rarely easy, but with the support and cooperation of the entire Burbank school community, we know that we will reflect a district that is truly unified.

Please review the material in this booklet. Then SIGN and RETURN all required pages to your school.

To the Parents / Guardians of Burbank Unified School District Students

PROGRAM TO USE STUDENT ID CARDS AS BURBANK PUBLIC LIBRARY CARDS

The Burbank Unified School District (BUSD) now provides all students with the opportunity to have easier access to the Library’s materials and collections. The program is called BConnectEd.

Here is how the BConnectEd Program works:

Once participating students are assigned their new Student ID cards at school, they will have borrowing privileges at all three Burbank Library branches; Glenoaks, Buena Vista, and Victory. Participating students will also have access to electronic resources offered by the Library, including research and homework databases; learning resources; and downloadable e-books and audiobooks. They will be able to access the internet via the Library’s filtered children’s department computers.

- All students will be getting Burbank Library cards.

- Fines and/or fees will be assessed for late, lost, or damaged materials in the same way they are assessed to the general public using a regularly issued Library card. Parents or legal guardians of students who are issued privileges via the Program will be financially responsible for such fines and/or fees.

- Student information that will be (electronically) shared between the District and Library will only include the names of the participating students, their student ID numbers, their home addresses, and their parent/guardian phone numbers. This is the same information that parents/guardians submit to their children’s schools when enrolling. No other information will be collected or shared with any outside agencies, vendors, or organizations. The purpose of sharing this information is to be able to contact students’ families if fines or fees are assessed for lost materials.

- BUSD will securely transmit name and address information (for all students who will participate in the program) to the Library, allowing the Library to securely upload this information into its database. Through this process, all participating student ID cards should function as library cards, as of the first day of school on August 15, 2022.

- If you have not “opted-out” during the registration process and you still wish to do so, you may withdraw your child from the program, at any time, by visiting any Burbank Public Library site or by contacting your child’s school office. This information will be forwarded to the Library Staff.

- If you have any questions or concerns about the BConnectEd Program, please contact your school librarian.

YOU HAVE THE OPPORTUNITY TO CONSENT OR DECLINE THIS PROGRAM THROUGH THE AERIES PARENT DATA CONFIRMATION PROCESS.
Dear Parents and Guardians,

One of the most important responsibilities we have as parents, pupils, and District employees is being prepared in case of an emergency. As you know, the safety of our schools is a growing concern for all of us. As the Superintendent, I share your concern and am committed to doing everything in my power to protect students and employees. I know that you have entrusted us with the care of your children, and I take that trust seriously. Cooperation by all of us will prevent and minimize injury and confusion if an emergency should arise.

If your child should become ill or injured, every effort will be made to contact you or your designated representative. If this cannot be done, it is the District’s policy to send your child to the nearest emergency hospital unless you have given instructions to the contrary. The School District cannot assume responsibility for payment of physician’s fees or paramedic transportation.

**Please complete the emergency contact information online, as instructed.** This information will help us keep you informed. **It is important that parents/guardians be listed in the contact field as well because the emergency system will use that information to notify you.** In addition, by signing up for your school’s app and the District’s app, you will provide us with another means of communicating important information to you.

If a serious general emergency arises, and the school must be closed, pupils will remain at school until an authorized person arrives to take them home. In the event of an emergency, any school closing will be announced over local radio and television stations, if possible. In addition, the District will keep you informed through our emergency notification system.

Education Code Section 49408 requires the collection of emergency information. We ask that you please notify the school immediately of any changes to your contact information that may occur during the school year.

Sincerely,

Matt Hill, Ed.D.
Superintendent
August 2022

Dear Parents and Guardians:

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Burbank Unified School District of their responsibilities for keeping firearms out of the hands of children as required by California law. Around the world, there have been many tragic incidents related to gun violence and accidental shootings. In many instances, the firearms were obtained due to improper gun storage at home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memo spells out California law regarding the storage of firearms. Please take some time to review this memo and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- California makes a person criminally liable for keeping a loaded firearm, under their custody and control, where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child’s parent or legal guardian and the child obtains access to the firearm and thereby: (1) causes death or great bodily injury to the child or any other person; (2) carries the firearm to a public place, including to any preschool or school grades K–12, including to any school-sponsored event, activity, or performance; or (3) brandishes a firearm to others. The criminal penalty may be greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.1

- As of 2014, California makes a person criminally liable if they negligently store or leave any loaded firearm on their premises where a child is likely to gain access to it—regardless of whether or not the child brings the gun to a public place.1

- A parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person’s child or ward. These damages may be up to $30,000 per victim.2

- Gun owners may avoid criminal liability under Cal. Penal Code § 25100 by keeping their firearm in a locked container or secured with a locking device that renders the firearm inoperable.3

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Sincerely,

Matt Hill, Ed.D.
Superintendent

### IMPORTANT: Cell Numbers

The District uses the cell phone numbers of parents/guardians and secondary students to communicate in the event of an emergency. Please be sure to keep this information updated in AERIES.
CRITERIA: This criterion is for graduation participation, not for receiving a diploma or certificate.

In order to participate in the graduation ceremony, I/we clearly understand, accept, and will adhere to the following standards:

1. To complete 230 units of study, including all required courses.
2. To complete ten (10) hours of service learning.
3. To have no more than fifteen (15) absences (either excused or unexcused) per period per class per semester of the senior year.
4. To have no more than one (1) suspension during the entire senior year.

**Nondiscrimination Statement**
The Burbank Unified School District desires to provide a safe school environment that allows all students equal access and opportunities. The District’s academic and other educational support programs, services, and activities prohibit discrimination, harassment (including sexual harassment), intimidation, and bullying of an individual based on the person’s actual or perceived race, color, ancestry, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics. Transgender students shall be permitted to participate in gender-segregated school programs and activities (e.g., athletic teams, sports competitions, and field trips) and to use facilities consistent with their gender identity. The District assures that lack of English language skills will not be a barrier to admission or participation in District programs. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. For a complaint form or additional information, contact the Assistant Superintendent of Education Services.

Students, student suicide rates are of concern to all members of the school community. One child, ages 12 and older, dies because of suicide every five days in California. Local Districts were required by California Law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all educators is to maintain a safe place to learn, free from harm to any of our students.

Attendance Guidelines

Avoiding Absences, Written Excuses

Burbank Unified School District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. The district also asks that travel or other absences be avoided during the time school is in session. The higher the district’s daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods and thereby minimize student absences. Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Excused Absences – EC 46014 and 48205

Students, with the written consent of their parents or guardians, may be excused from school to participate in religious exercises or to receive moral or religious instruction. No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absence if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

(a) Notwithstanding Section 48200, a student shall be excused from school when the absence is:

(1) Due to his or her illness, including an absence for the benefit of the pupil’s mental or behavioral health.

(2) Due to quarantine under the direction of a county or city health officer.

(3) For the purpose of having medical, dental, optometric, or chiropractic services rendered.

(4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

(5) For the purpose of jury duty in the manner provided for by law.

(6) Due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent.

(7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the student’s absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

(8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

(9) For the purpose of spending time with a member of the pupil’s immediate family, who is an active duty member of the uniformed services, as defined in EC § 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.

(10) For the purpose of attending the pupil’s naturalization ceremony to become a United States citizen.

(11) For the purpose of participating in a cultural ceremony or event.

(12) Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

(b) A student absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a student is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the absence.
(c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
(d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
(e) "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

Remove From or Leave School Before the End of the School Day
For any type of medical appointment during school hours, parents must provide a note from the doctor’s office upon return to excuse the student’s early release.

Tardiness
Children should be encouraged to be prompt in order to develop good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. Repeated tardiness in excess of 30 minutes may lead to the student being designated as truant.

Methods of Verification - EC 46012, BP 5113
When students who have been absent return to school, they shall present a satisfactory explanation verifying the reason for the absence within three (3) days of return to school. Absences shall be verified by the student’s parent/guardian, other person having control of the minor, or if the student is age 18 or older.
● Written note or email from parent/guardian, parent representative, or if the student is age 18 or older.
● Conversation, in person or by telephone, between the verifying employee and the student’s parent/guardian, parent representative, or if the student is age 18 or older. The employee shall subsequently record the following:
  1. Name of student
  2. Name of parent/guardian or parent representative
  3. Name of verifying employee
  4. Date(s) of absence
  5. Reason for absence
● Visit to the student’s home by the verifying employee, or any other reasonable method which establishes the fact that the student was absent for the reasons stated.
● Physician’s Verification:
  6. When excusing students for confidential medical services or verifying such appointments, district staff shall not ask the purpose of such appointments but may contact the medical office to confirm the time of the appointment.
  7. When a student has had 14 absences in the school year for illness verified by methods listed above, any further absences for illness must be verified by a physician.
● Make-up work is required for excused absences
● Make-up work for unexcused absences is at the teacher’s discretion.

Entertainment Industry Employment
● Minors employed in the entertainment industry must provide the school a copy of their permit to work issued by the Division of Labor Standards Enforcement. Work permits may be requested from the site principal in writing at least 5 days in advance.
● Criteria for a work permit are as follows: satisfactory grades (meeting grade level standards in elementary and earning a 2.0 GPA and earning a minimum of 30 credits in secondary) and missing less than 5% of the school year. Suspensions may also jeopardize work permit approval
● The Division of Labor Standards Enforcement’s policy always assumes that a minor who works in the entertainment industry and attends regular school always attends for at least six hours each day school is in session.
● Parents must have pre-approval from the Principal or his/her designee for an absence due to employment in the entertainment industry.
● Upon return to school, the student must provide signed documentation from the studio teacher for the absence to be excused.
● The law limits the number of excused absences for a child holding an entertainment work permit to five absences per school year, each of which may consist of up to five consecutive days (EC 48225.5(a)(1))

Truancy Definitions - EC 48260, 48262 and 48263.6
A student is considered truant after three absences or three tardiness of more than 30 minutes each time and the absences or tardiness are unexcused. After a student has been reported as a truant three or more times in a school year, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the school days in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205.

Arrest of Truants/School Attendance Review Boards – EC 48263 and 48264
The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary
custody during school hours of any minor who is found away from his/her home and who is absent from school without valid excuse within the county, city or school district. A student who is truant may be referred to a School Attendance and Review Board (SARB).

**Truant Consequences** – EC 48263, 48267, 48268, and 48269; WIC 236, 601, 601.3, 653.5, 654, and 651.5
Any student who is identified as “Truant” may be assigned as a ward of the court, if the available community resources do not resolve the student’s continued problem of truancy, by a Probation Officer or Deputy District Attorney.

**Chronic Absenteeism** – EC 60901
A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

**School District Attendance Policy** - EC 48980(j)
Student absences must be excused. If a student is absent, his or her parent must, in person, in writing, or by phone, contact the school with an excuse for the absence. All absences not excused by the parent will be considered truancy. Truancy shall be reported to the Superintendent or designee. Continued truancy will result in parent conferences and may result in a referral to the School Attendance Review Board. Students who engage in chronic truancy are referred to court and face legal action. Only students with excused absences have the privilege of making up the work they have missed. Students will not be excused for a family vacation or business trips.

The student and parent/guardian shall be given three (3) school days to explain the absence. If the absence is not verified as an excusable absence, it shall be recorded as unexcused. The reason for an excused absence shall be recorded. The name of the person receiving any oral explanation of the absence shall also be recorded.

A student whose absence is excused according to the above conditions shall be allowed to make up assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. As the teacher of any class from which a student is absent shall determine the tests and assignments shall be reasonably equivalent to, but not necessarily identical to the tests and assignments that a student missed during the absence. Responsibility for requesting missed work lies with the student.

**Failing Grades Due to Truancy** – BP 5113
The Board of Education shall prescribe regulations requiring the evaluation of each student’s achievement for each marking period and require a conference with or written report to the parent of each student whenever it becomes evident that the student is in danger of failing a course. The refusal of a parent to attend the conference, or respond to the written report, shall not preclude failing the student at the end of the grading period. The Board of Education authorizes teachers to assign failing grades to students whose absences from the teacher’s class are not excused pursuant to Education Code §48205, when they equal or exceed a maximum number specified by the Board. Regulations shall include, but are not limited to the following:
1. A reasonable opportunity for the student or student’s parent or guardian to explain the absences.
2. A method for identification in the student’s record of the failing grades assigned to the student on the basis of excessive unexcused absences.

The provisions of this policy shall apply to the parent or guardian of any student without regard to the age of the student.

**Attendance Options/Permits** – EC 48980(h)

**Residency Requirements** – EC 48200 and 48204
A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located.

If a parent is seeking a change in a public district outside of the resident district, then an inter-district permit is required. Exceptions are for charter school, home school or other private school enrollments, and other online charter school options.

An inter-district agreement is signed by both the releasing and accepting districts. When denied, there are appeal processes according to the local district policies. The education rights holder may appeal to their County Office of Education for an appeal process within 30 days of a final denial from either district.

A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children’s institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated.

A pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; or a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order.
A school district shall accept applications by electronic means for enrollment, including enrollment in a specific school or program within the school district, and course registration for military dependents. The parent shall provide proof of residence within 10 days after the published arrival date provided on official documentation related to his or her military move: temporary on base billeting or federal government or public private venture off-base military housing.

Residency is established when a pupil’s parent or legal guardian resides outside of the boundaries of that school district but is employed and lives with the pupil at the place of his or her employment within the boundaries of the school district for a minimum of 3 days during the school week.

**Intradistrict Transfers – EC 35160.5(b)**

Residents of the School District may apply to other schools within the District for their child to attend on a space available basis. Information on each school within the District is provided on the District website. Parents of high school athletes should check on CIF sports eligibility rules before pursuing Intra-district transfers. Transportation to any other school is the responsibility of the parent.

A random, unbiased lottery process that assures all applicants an equal chance of having an application drawn, will be conducted annually by the Superintendent’s designee. Additionally, BUSD Policy 5116.1 provides for transfers of students due to over enrollment.

**Interdistrict Attendance – EC 46600 et seq; BP 5117**

The District’s priority is to meet the needs of students residing within the District’s boundaries. However, the Board of Education recognizes justifiable reasons for inter-district attendance permits. The placement of any student entering the District on an approved individual inter-district attendance permit will be based upon space and grade level availability. All inter-district attendance permit requests are subject to the conditions set forth by the Burbank Unified School District and reviewed per Board Policy. The District will not grant inter-district attendance permits to any student under a current order of expulsion or a pending disciplinary action from another school district.

**EC 46600 et seq.**

The parent or legal guardian of a pupil may seek release from the school district of residence to attend a school in any other school district. School districts may enter into agreements for the inter-district transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an inter-district transfer and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. A student who has completed grade 10 by June 30, may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district and must be treated the same as any other resident student.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an inter-district permit release when no intra-district permit options are available to a victim of bullying. A “victim or an act of bullying” means a pupil has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by a pupil in the district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical and verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other devices in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A student who is appealing a decision for an inter-district permit approval through the County Office of Education maybe eligible for provisional admission to the desired district in grades TK through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months.

A pupil who has been determined by personnel of either the school district of residence or the district of proposed enrollment to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for inter-district attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an inter-district attendance agreement.

Each school district shall post its inter-district policy agreements and local district caps on their district and/or school websites. Reasons for approval and denial of inter-district transfer requests must be updated on the district website according to board policies. The County appeals process will be offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have any questions about the inter-district process, please call the district office at 818-729-4467 or call the County Office at 562-922-6233. Please see BUSD Board Policies at www.burbankusd.org.
 Custody Issues
Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student’s welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

Non-Custodial Parents - BP 5021
The Board of Education recognizes the right of parents/guardians to be involved in the education of their children and desires to balance that right with the district's need to ensure the safety of students while at school. The parent/guardian who enrolls a child in a district school shall be presumed to be the child's custodial parent/guardian and shall be held responsible for the child's welfare. School officials shall presume that both parents/guardians have equal rights regarding their child, including, but not limited to, picking the student up after school or otherwise removing the student from school, accessing student records, participating in school activities, or visiting the school. When a court order restricts access to the child or his/her student information, a parent/guardian shall provide a copy of the certified court order to the principal or designee upon enrollment or a change in circumstances.

Attendance Where Caregiver Resides – EC 48204(d)
If your child lives in the home of a caregiving adult, as defined by law, your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home.

Foster Youth Educational Placement – EC 48850 et seq.
The District’s educational liaison shall ensure students in foster care receive stable school placements which are in the best interests of the child, placement in the least restrictive educational programs, access to academic resources, services, and extracurricular and enrichment activities available to all students, full and partial credits for coursework taken, and meaningful opportunity to meet state student academic standards. Please email any questions regarding Foster Youth Placement to melindadrechsler@burbankusd.org or call (818) 729-4467.

1. Stable school placements in the least restrictive education programs, with access to the academic resources, services, and extracurricular activities that are available to all pupils. This includes the right to remain in the school of origin and the right to matriculate with his or her peers.

2. Immediate enrollment in the school of origin or school where the foster youth is currently residing, whether in a licensed children’s institution, licensed foster home, or family home following a commitment or placement under the Welfare and Institutions Code.

3. Proper and timely transfer between schools. This includes the coordination between the local educational agency and the county placing agency and the transfer of educational information and records of the foster youth to the next educational placement.

4. No lowering of grades if the foster youth is absent from school due to a decision by a court or placing agency to change his or her placement, or due to a verified court appearance or related court ordered activity.

5. Issuance and acceptance of partial credits for courses that have been satisfactorily completed by the foster youth. The foster youth shall not be required to retake the portion of the course already completed unless it has been determined that he or she is reasonably able to complete the requirements in time to graduate from high school.

6. Not be required to retake a course the pupil has satisfactorily completed.

Foster and Homeless youth exemption from local graduation requirements - EC 48853, 49069, and 51225.2

Foster and homeless youth are allowed educational rights, such as immediate enrollment, remain in the school of origin, enrollment in local comprehensive school, partial credits, graduation with state minimum requirements with possible fifth year/exemption from local graduation requirements, and access to academic resources, services, and extracurricular activities. A local educational agency must provide a remedy to the affected pupil following the Uniform Complaint Procedures, including information regarding exemption from local graduation requirements if educational rights are not allowed at the public high school.

Homeless Youth Education – 42 US 11432; EC 48551, 48852.5, 48852, 48857, 51225.1 and 51225.2

The District’s liaison for homeless students is required to ensure that parents are informed of the educational and related opportunities available for their children. Please email any questions regarding Homeless Youth Placement to melindadrechsler@burbankusd.org or call (818) 729-4467.

The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all homeless school-aged children to the same free and appropriate public education that is provided to non-homeless students.

A homeless student is defined as a person between the ages of birth (Early Head Start and Head Start Programs) and twenty-two (special education students) who lacks a fixed, regular, and adequate nighttime residence and may:

- Live in an emergency or transitional shelter; abandoned building, parked car, or another facility not designed as regular sleeping accommodation for human beings;
- Live “doubled-up” with another family, due to loss of housing stemming from financial problems (e.g., loss of job, eviction, or natural disaster);
- Live in a hotel or motel;
- Live in a trailer park or campsite with their family;
- Have been abandoned at a hospital;
- Be awaiting foster placement in limited circumstances;
- Reside in a home for school-aged, unwed mothers or mothers-to-be if there are no other available living accommodations; or
- Be abandoned, runaway, or pushed out youth or migrant youth that qualifies as homeless because he/she is living in circumstances described above.

A homeless student has the right to attend either the school of origin (the school that the student was last enrolled or attended when housed) or the current school of residence. If a dispute arises over school selection or enrollment, the parent/guardian has the right to dispute the school’s decision by contacting the district’s homeless liaison at melindadrechsler@burbankusd.org or 818-729-4467.

The law requires the immediate enrollment of homeless students, which is defined as "attending class and participating fully in school activities". Schools cannot delay or prevent the enrollment of a student due to the lack of school or immunization records. It is the responsibility of the district homeless liaison to refer parents to all programs and services for which the student is eligible. Referrals may include but are not limited to: free nutrition, special education services, tutoring, English Language Learners programs, Gifted and Talented Education program, preschool, before and after school services, or any other program offered by the school or district. The district shall ensure that transportation is provided, at the request of the parent/guardian/unaccompanied homeless youth, to and from the school of origin, if determined to be in the student’s best interest. The District has a right to accept partial credits for courses that have been satisfactorily completed by the homeless student.

Unaccompanied youth; such as teen parents not living with their parent or guardian or students that have runaway or have been pushed out of their homes have access to these same rights.

Students experiencing homelessness have a right to apply for financial aid to seek education beyond high school. Every district and charter school must appoint a homeless liaison to assist students and families. Please contact Melinda Drechsler at melindadrechsler@burbankusd.org for more information on services and policies related to homeless education rights.

Release Juvenile Information – WIC 831

Minimum & Student-free Staff Development Days – EC 48980(c)

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet.

Dress Code/Uniforms – EC 35183, BP 5132

The Burbank Unified School District’s student dress code supports equitable educational access. To ensure effective and equitable
enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any protected class or group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, immigration, religion, cultural observance, household income or body type/size.

When the site administrator/designee determines that a student’s appearance or attire is in violation of this policy, the student will modify his/her appearance, clothing, apparel, and/or accessories in such a manner that it no longer violates this policy. If necessary, with parental permission, the student may be given school clothing to wear, if available. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student.

The district expects all students will dress in a way that is appropriate for the school day or any school sponsored event. Student dress choices should represent the district’s intent to sustain a community that is inclusive of a diverse range of identities. The primary responsibility for a student’s attire resides with the student and their parent(s) or guardian(s). The district and individual schools are responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

Dress Code Enforcement
To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff shall not have the discretion to vary the requirements in ways that lead to discriminatory enforcement.

Inappropriate Dress
If the administration determines a student’s dress or appearance to be inappropriate, the following consequences will apply at the elementary level:
1. First Offense: Parent/guardian will be called. Students will need to change into acceptable clothing.
2. Second Offense: Parent/guardian conference held. Students will need to change into acceptable clothing.
3. Third Offense: Parent/guardian conference held. Additional interventions shall be considered which involve the parent, student, and school (e.g. Student Study Team (SST) meeting, referral to family counseling, etc.).

A student may request a second opinion from another administrator for collaboration before a consequence is applied. If the administration determines a student’s clothing, jewelry, accessories, and/or appearance to be inappropriate, the following consequences will apply at the secondary level:
1. First Offense: Parent/guardian will be called. Students will need to change into acceptable clothing.
2. Second Offense: Parent/guardian will be called. Consequence assigned.
3. Third Offense: Students may be sent to detention and parent/guardian will be notified.
4. Fourth Offense: Saturday School or detention may be assigned; parent/guardian will be notified.
5. Fifth Offense: Parent/guardian conference held. Additional interventions shall be considered which involve the parent, students, and school (e.g. Student Study Team meeting, referral to family counseling, etc.)

No student shall be subjected to dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.

School staff shall not enforce the school’s dress code more strictly against transgender and gender nonconforming students more than other students.

Staff shall not shame or require a student to display their body in front of others. “Shaming” includes, but is not limited to:
- Kneeling or bending over to check attire fit
- Asking students to account for their attire in front of others
- Calling out students about perceived dress code violations in front of others
- Accusing students of “distracting” others with their clothing
- Making critical or judgmental comments about a student’s attire through verbal or non-verbal means which are not necessary to enforce this policy

The district expects students to be treated with respect when addressing a dress code issue. Conversations with students about the dress code shall be private, respectful, and discreet.

No student may be suspended because of a violation of this Board policy unless:
1. The student has been given adequate notice of the violation of this Board policy.
2. The student has been given an adequate opportunity under the circumstances to comply with the direction to cease violation
of this Board policy.

3. Other means of correction fail to bring about proper conduct.

**Sunscreen and Sun-protective Clothing – EC 35183.5**

Brimmed hats may be worn outside of buildings on school sites and at school related activities, provided that they are worn appropriately. A brimmed hat is defined as a hat with a projecting rim or edge that surrounds the entire circumference of the hat and provides some protection from the sun for the forehead, face, ears, and back of the neck. The first and last name of the student who owns the brimmed hat must be written on the inside hatband to afford easy identification if a hat is misplaced or found. It is customary for males to remove hats for the Pledge of Allegiance and/or during the playing of the National Anthem. Each student is allowed to use sunscreen during the school day without a physician's note or prescription.

**Disruption in a Public School or Public School Meeting – EC 32210, BP 1313**

Any person who willfully disturbs a public school or a public school meeting is guilty of a misdemeanor, and may be punished by a fine of not more than $500 and directed to leave the school site or district promptly by the Superintendent or designee. When an individual is directed to leave, the Superintendent or designee shall inform the person that he/she may be subject to arrest and may be charged with a crime in accordance with EC § 44811 if he/she reenters any district facility within 30 days after being directed to leave, or within seven days if the person is a parent/guardian of a student attending that school. ** Civility on School Grounds – CC 1708.9, EC 32210, BP 1313**

This policy promotes mutual respect, civility, and orderly conduct among district employees, parents, and the public. This policy is not intended to deprive any person of his/her right to freedom of expression, but only to maintain, to the extent possible and reasonable, a safe, harassment-free workplace for our students and staff. In the interest of presenting positive role models to the students in this district, the Burbank Unified School District encourages positive communication, discourages behavior that may appear rude, uncaring, abrupt, or insensitive, and will not tolerate volatile, hostile, or aggressive actions. The district seeks public cooperation with this endeavor.

Disruptions:

- Any individual who disrupts or threatens to disrupt school/office operations, including co-curricular and extra-curricular activities; threatens the health and safety of students or staff; willfully causes property damage; uses loud and/or offensive language which could provoke a violent reaction; or who has otherwise established a continued pattern of unauthorized entry on a school site or district property, will be directed to leave that school site or district property promptly by the Superintendent or designee.

- If any member of the public uses obscenities or speaks in a demanding, loud, insulting, and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely admonish the speaker to communicate civilly. If corrective action is not taken by the abusing party, the district employee will verbally notify the abusing party that the meeting, conference, or telephone conversation is terminated and, if the meeting or conference is on district premises, the offending person will be directed to leave promptly.

- When an individual is directed to leave under such paragraph 1 or 2 circumstances, the Superintendent or designee shall inform the person that he/she may be subject to arrest and may be charged with a crime in accordance with California Education Code 44811 if he/she reenters any district facility within 30 days after being directed to leave, or within seven days if the person is a parent/guardian of a student attending that school. Schools shall post at every entrance a notice setting forth the visitor registration requirements, hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements. Visitors who enter campus must sign in and present their Drivers’ License or Picture ID for Raptor screening and wear a temporary visitor’s badge.

Directory Information includes one or more of the following items: student’s name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees, and awards received, and the most recent public or private school attended by the student. The District has determined that the following individuals, officials, or organizations may receive directory information: military recruiters, educational institutions (colleges and universities), and PTSA if authorized by the parent during data confirmation. No information may be released to a private for-profit entity other than employers, prospective employers, and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian
submits a written notice to the school to deny access to his/her student’s directory information. Directory Information regarding a student identified as a homeless child or youth, immigration status, or any other student information shall not be released unless a parent, or eligible student, has provided written consent that directory information may be released.

**Pupil Records Obtained from Social Media – EC 49073.6**

Other than the school newspaper and yearbook, the school may gather information in the forms of video, photograph, blog, texts, and emails, to maintain school and student safety. All social media information gathered will be destroyed within one year after the student turns 18 years old or one year after the student is no longer enrolled, whichever comes first.

**Student Records – EC 49063 and 49069, 34 CFR 99.7, 20 USC 1232g, BP 5125**

A cumulative record, whether recorded by handwriting, print, tapes, film, microfilm, or other means, must be maintained on the history of a student’s development and educational progress. The District will protect the privacy of such records and will not require social security numbers. Parents/guardians have the right to 1) inspect and review the student’s educational record maintained by the school, 2) request that a school correct records which they believe to be inaccurate or misleading, and 3) have some control over the disclosure of information from educational records. School officials with legitimate educational interests may access student records without parental consent as long as the official needs to review the records in order to fulfill his/her professional responsibility. Upon request from officials of another school district in which a student seeks or intends to enroll, the District shall disclose educational records without parental consent. The district will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

Parents’ requests to access their student’s educational records must be submitted in a written form to the school site. The school will have five (5) business days from the date of receipt of the request to provide access to the records. Requests for high school transcripts should be submitted through the District high schools’ websites. Additional questions can be directed to Student Services at 818-729-4467.

Any challenge to school records must be submitted in writing to the Director of Student Services. A parent challenging school records must show that the records are 1) inaccurate, 2) an unsubstantiated personal conclusion or inference, 3) a conclusion or inference outside the observer’s area of competence, 4) not based on the personal observation of a named person with the time and place of the observation noted, 5) misleading, or 6) in violation of the privacy or other rights of the student. Parents have the right to file a complaint with the United States Department of Education concerning an alleged failure by the District to comply with the provisions of the United States Family Educational Rights and Privacy Act (FERPA) by writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, D.C. 20202-4605.

The notice shall include a statement that the district may withhold grades, diploma, or transcripts from the student, other than a current or formerly homeless or foster student, and parent/guardian until reparation is made. If reparation is not made, the district shall afford the student his/her due process rights in conformance with Education Code expulsion procedures and may withhold the student’s grades, diploma, or transcripts. If the student and parent/guardian are unable to pay for the damages or return the property, the principal or designee shall provide a program of voluntary work for the student to do. When this voluntary work is completed, the student’s grades, diploma, or transcripts shall be released.

When a student from whom the district is withholding grades, diploma, or transcripts transfers to another district, this information shall be sent to the new district with the student’s records and a request that these items continue to be withheld until the new district receives notification that the debt has been cleared. [EC § 49068] The Superintendent or designee shall notify the parent/guardian in writing that this district’s decision to withhold grades, diploma, or transcript will be enforced by the new district. [EC § 48904.3] The district shall withhold grades, diplomas, or transcripts from any student transferring into the district whose misconduct caused a previous district to withhold them. The school district makes a finding that the pupil is reasonably able to complete the school district’s graduation requirements in time to graduate from high

The coursework completed while attending another school is to be issued full or partial credit. “Pupil who is a child of a military family” means a pupil who meets the definition of “Children of military families” under Section 49701. If you are a military family, your child may qualify to be exempted from local graduation coursework requirements that are beyond the California state requirements. The governing board of the Burbank Unified School District may award a diploma to any student who may have been deported outside the US, if in good standing after completing the second year of high school. Any transfer credits from outside the US will be considered as completion through online or foreign classes.

**Regulations Regarding Student Achievement – EC 49067**

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in class work and proficiency levels and indicate educational growth in relation to the student’s ability, citizenship, and effort.

**Sex Equity: Title IX Notifications – EC 221.61**

Title IX of the Education Amendments of 1972 is one of several federal and state anti-discrimination laws that ensure equality in educational programs and activities that receive federal funding. Specifically, Title IX protects male and female pupils and employees, as well as transgender pupils and pupils who do not conform to sex stereotypes, against discrimination based on sex, including sexual harassment. California law also prohibits discrimination based on gender, gender expression, gender identity, and sexual orientation. Under Title IX, pupils may not be discriminated against based on their parental, family, or marital status, and pregnant and parenting pupils may not be excluded from participating in any educational program, including extracurricular activities, for which they qualify. For more information about Title IX, or how to file a complaint of noncompliance with Title IX, contact John Paramo, Assistant Superintendent of Educational Services, at 818-729-4451. California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes.

**The California Assessment of Student Performance and Progress (CAASPP) tests consist of the following:**

- **Smarter Balanced Assessment Consortium Assessments.** The Smarter Balanced computer adaptive assessments are aligned with the California Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and mathematics assessments can be used as an indicator of college readiness.

- **California Science Tests (CAST).** The computer-based CAST measures students’ achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CASTs administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).
California Alternate Assessments (CAAs) Only eligible students—students whose individualized education program (IEP) identifies the use of alternate assessments—may participate in the administration of the CAAs. Test examiners administer the computer-based CAAs for ELA, mathematics, and science one-on-one to students. Students in grades three through eight and grade eleven will take the CAA for ELA and mathematics. Test items developed for ELA and mathematics are aligned with the CCSS and are based on the Core Content Connectors.

Students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve) will take the CAA for Science. The CAA for Science embedded performance tasks is based on alternate achievement standards derived from the CA NGSS. Students taking the CAA for Science will take four embedded performance tasks beginning in the fall of 2022 continuing through spring 2023.

California Spanish Assessment (CSA) for Reading/Language Arts The optional CSA for Reading/Language Arts in Spanish is aligned with the California Common Core State Standards en Español. This computer-based test allows students to demonstrate their Spanish skills in listening, reading, and writing mechanics.

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

California High School Proficiency Exam – 5 CCR 11523 (9-12)
The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency is equivalent to a high school diploma; however, it is not equivalent to completing all course work required for regular graduation from high school. Pupils planning to continue his or her studies in a college or university should contact the admissions office of the institution to find out if the Certificate of Proficiency will meet admission requirements.

A pupil is eligible to take the CHSPE only if he or she meets one of the following requirements on the test date: 1) is at least 16 years old; 2) has been enrolled in the tenth grade for one academic year or longer; or 3) will complete one academic year of enrollment in the tenth grade at the end of the semester during which the CHSPE regular administration will be conducted. A fee for each examination application shall not be charged to homeless or foster youth under the age of 25. For more information, including administration dates and registration deadlines, visit the following website: http://www.chspe.net/.

High School Practical Arts/Career Technical Education (CTE) Graduation Requirement
The Burbank Unified School District requires one year of Practical Arts/CTE instruction for graduation. Although one year is required for high school graduation, students are encouraged to enroll in several of these courses to explore possible career areas. The Practical Arts/CTE Department offers courses designed to introduce students to “hands-on” lifelong skills, as well as the conceptual and critical thinking skills so necessary in today’s rapidly changing world. Opportunities are offered for the development of future employment skills in a number of related fields, ranging from aviation to construction technology. The department is divided into five sub-departments: Business, Computer Science, Consumer Science, Technology, and Other Vocational. Practical Arts/CTE programs do not discriminate on the basis of race, color, national origin, sex, or disabilities. Also, the lack of English language skills is not a barrier to participation in vocational programs. The courses and programs listed under Practical Arts/CTE are open to all students: however, advanced courses do have prerequisites, which must be met to enroll, or the student must have the instructor’s permission. Practical Arts/CTE encourages both female and male students to enroll in courses, which would offer them employment opportunities in nontraditional settings. Gender equity, non-discrimination compliance activities, and complaints are overseen by the Assistant Superintendent, Curriculum and Assessment located at the District Office, 1900 W. Olive Avenue, Burbank, 91506, at (818) 729-4455. Practical Arts/CTE offerings include:

**Cal Grant Program – EC 69432.9**
A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University, or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student’s GPA will be submitted by the October 1 deadline to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent or guardian of a student under 18 years of age, may complete a form to indicate that he or she does not wish for the school to electronically send CASC the student’s GPA. Until a student turns 18 years of age, only the parent or guardian may opt out of the student. Once a student turns 18 years of age, only the student may opt himself or herself out, and can opt in if the parent or guardian had previously decided to opt out the student. Notification regarding CASC and the opportunity to opt out of being automatically deemed a Cal Grant applicant will be provided to all students and their parents or guardians by January 1 of the students’ 11th grade year.

A student, or the parent/guardian of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student’s GPA. Please contact your counselor if you require this form. Until a

**Migrant and Newly Arrived Immigrant Pupils: Graduation Requirements and Continued Education Options – EC 48204.7, 51225.1, 51225.2 and 54444.2**
Your child is eligible for a state minimum coursework diploma, which will limit the entrance to higher education to community college. However, if you should choose an option for the 5th year of high school, your child may earn a diploma according to our board approved graduation guidelines that may make your child eligible for UC or CSU applications. These two options of minimum state or local graduation requirements with the 5th year of school are for students who are from a migrant family, eligible for a newcomer program, or who have not been advised within the first 30-days upon transfer in their 3rd or 4th year of high school. Contact our counseling office to determine eligibility. Students and parents of migratory children shall not request a transfer solely to qualify for this exemption.

As a public school that receives migrant education funds, our school is actively looking for parent involvement in the planning, operation, and evaluation of our programs. The parents have the authority to decide who may participate in the oversight council. If you are interested, or if you know other parents of migratory students who are interested in this council, please contact Hector Garcia at hectorgarcia@burbankusd.org.

Language Acquisition Programs– EC 300–340

State law requires that parents of English learners are to be notified annually if they are identified as one of the following: Long-term English Learner or English learner at risk of becoming a Long-term English Learner. The school coordinator for English Language Development will be sending these notices at the beginning of each school year.

English Language Proficiency Assessments for California

California transitioned from the California English Language Development Test (CELDT) to the English Language Proficiency Assessments for California (ELPAC) in 2017–18. The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate English Language Proficiency (ELP) assessments: one for the initial identification of students as English learners and the other for the annual summative assessment to identify students’ English language proficiency level and to measure their progress in learning English.

The ELPAC initial assessment must be administered to new enrollees in the District with a home language other than English within 30 days of enrollment unless they have already been assessed at another California Public School.

Students who are identified as English Learners must be administered the ELPAC summative during the February 1 through May 31 testing window, to determine annual English language development progress. The ELPAC summative is given to English Learners until the students have been reclassified.

To find more information about the ELPAC, please contact your child’s teachers or contact the school office. Additional information is posted on the internet at: https://www.cde.ca.gov/ta/tg/ep/. English Language Proficiency Assessments for California ... www.cde.ca.gov Home; Testing & Accountability; Testing; English Language Proficiency Assessments for California (ELPAC) English
Student score reports are now digital and are available online through the Aeries Parent/Student Portal. Paper copies are available upon request from the Department of Instructional Services (818) 729-4495.

Language Programs
Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a]). Burbank Unified offers two language acquisition programs: Structured English Immersion and Dual Language Immersion.

Structured English Immersion (SEI) is a language acquisition program for English learners in which nearly all classroom instruction is provided in English. All of our schools provide Structured English Immersion (SEI) which begins in Transitional Kindergarten/Kindergarten through the 12th grade. In this program, the curriculum and presentation are designed for pupils who are learning English. At a minimum, students receive designated ELD instruction and integrated ELD within their grade level academic subject matter content (English, math, social studies, science). In elementary, students are grouped according to their language proficiency levels and instructional needs, within a mainstream setting. Classrooms are balanced to ensure that there are native speakers of English, fluent-English-proficient students, and English Learners (ELs). In addition, ELs at the emerging (beginning) proficiency level often receive additional support in the classroom from an instructional assistant. Emergent level instruction may also include primary language support to motivate, clarify, direct, support, and explain.

Dual-Language Immersion is a language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of Spanish, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in Kindergarten and continues through high school. Enrollment in this program begins the spring before kindergarten. Students whose home language is Spanish are screened for language proficiency to ensure that we have an equal enrollment of native speakers of Spanish and English. For English Learners, the goal of both language programs is reclassification. Most English Learners who enter school at the Emergent or Beginning level, exit the program in 5-7 years, although many reclassify before that.

Parents are encouraged to provide input regarding language acquisition programs both at the school level, for the Single Plan for Student Achievement through participation in the English Learner Advisory Committee (ELAC), and at the district level during the District English Advisory Committee (DELAC) meetings when the Local Control Accountability Plan (LCAP) is being developed. Please check the district website for dates, times, and locations of the DELAC/English Learner-LCAP meetings.

Parents of English learners have a right to decline or opt their children out of the school district’s language acquisition program or opt out of particular English learner service(s) within a language acquisition program. (20 U.S.C Section 6318[c][A][vii]) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time. Please see the school principal for further information.

Notice of Alternative Schools – EC 58501
California state law authorizes all school districts to provide for alternative schools. Education Code 58500 defines an alternative school as a school or separate class group within a school which is operated in a manner designed to:
(a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
(b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
(d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.
Safe and Responsible Use of Social Media and the Internet

Digital technology, the use of the Internet, and social media can engage and connect us in important and purposeful ways. However, these resources can also be misused and even serve as vehicles for criminal behavior including predatory behaviors. Most important, we encourage you to talk with your son or daughter about the benefits as well as the potential risks associated with the Internet and social media. Researchers and law enforcement encourage parents to have conversations about the safe use of the Internet and social media with their children and to monitor their children’s access. Suggestions include informing your children about the benefits as well as potential risks, reviewing their social media or Internet profile to ensure no personal and identifiable information has been posted, encouraging children to be thoughtful when engaging in social media conversations and posts, and being cautious when engaging with others online.

To assist, some websites offer parental or family guidance for Internet safety, such as:

   (w) For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil's misbehavior as specified in Section 48900.5.

   (x) (1) the Legislature intends that alternatives to suspension or expulsion be imposed against any student who is truant, tardy, or otherwise absent from school activities. [Amended Stats 2002, Ch. 643, Sec. 1.5; EC § 48900] (2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and school-wide positive behavior
interventions and support, may be used to help pupils gain critical social and emotional skills, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

*Per AB 982, upon the request of a parent, a legal guardian, or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more school days, the homework that the pupil would otherwise have been assigned.

Limitations on Imposing Suspension - EC 48900.5
Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil’s record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415f of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons.

This subdivision does not apply to an act of possessing a firearm if the student had obtained prior or written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if possessing an imitation firearm, as defined in subdivision (n) of Section 48900, is not an offense for which suspension or expulsion is mandatory according to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion according to subdivision (e), may be imposed.
2. Brandishing a knife at another person.

Parents must be notified in writing and have the right to a meeting with the administration. The school will first attempt to resolve any conflict before transferring. Periodic reviews will be considered for returning to the school site if there is no ongoing danger to either student or others on campus. The school board makes the final decision.

Often, students like to bring objects, such as a collector’s item, to school to show their friends. Examples of these objects include, but are not limited to, laser pointers, mini baseball bats, martial arts weapons (e.g., nunchaku, throwing stars), or any other sharp, pointy objects. Students should refrain from bringing objects that have the potential to inflict serious bodily injury to others.

The use of the school locker other than school-related purposes is prohibited. The school principal or designee may search the person of a student, the student’s locker, backpack, or purse if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: New Jersey v. T.L.O. (1985) 469 U.S. 325] Improper use of lockers will result in progressive discipline.

**Metal Detectors and Drug Sniffing Dogs**
The Superintendent is authorized to establish a metal detector scanning and extended search program to deter the presence of weapons and other dangerous devices and thereby prevent violence and serious physical injury in school. To keep the secondary schools free from drugs, the District may use specially trained non-aggressive dogs from the BPD K-9 unit or a privately contracted company to sniff out and alert staff to the presence of substances prohibited by law or District policy. **Wellness and Nutrition Guidelines**

Starting with the 2006-2007 school year, the U.S. Congress required all public school systems that participate in child nutrition programs to develop a local school wellness policy. In 2016-2017, the law was strengthened to support the efforts of nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. Type 2 Diabetes Information

Description - Type 2 diabetes is the most common form of diabetes in adults. Until a few years ago, Type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop Type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body can use sugar (glucose) for energy.
- The body turns the carbohydrates in food into glucose, the basic fuel for the body’s cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In Type 2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes
It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with Type 2 diabetes be screened (tested) for the disease.

Risk Factors
Researchers do not completely understand why some people develop Type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of Type 2 diabetes in children:

Being overweight: The single greatest risk factor for Type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop Type 2 diabetes.

Puberty: Young people in puberty are more likely to develop Type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes:
Warning signs and symptoms of Type 2 diabetes in children develop slowly, and initially, there may be no symptoms. However, not everyone with insulin resistance or Type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.
- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
• Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
• Irregular periods, no periods, and/or excess facial and body hair growth in girls
• High blood pressure or abnormal blood fats levels

**Type 2 Diabetes Prevention Methods and Treatments:**
Healthy lifestyle choices can help prevent and treat Type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

**Eat healthy foods:** Make wise food choices. Eat foods low in fat and calories.

**Get more physical activity:** Increase physical activity to at least 60 minutes every day.

**Take medication:** If diet and exercise are not enough to control the disease, it may be necessary to treat Type 2 diabetes with medication. The first step in treating Type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition that may lead to Type 2 diabetes).

**Types of Diabetes Screening Tests That Are Available:**

- **Glycated hemoglobin (A1C) test:** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

- **Random (non-fasting) blood sugar test:** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

- **Fasting blood sugar test:** A blood sample is taken after an overnight fast. A fasting blood sugar level of less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

- **Oral glucose tolerance test:** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

**Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.**

**Controlled Substances: Opioids – EC 49476**
School authorities must provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign an acknowledgment of receipt of the document annually.

**Concussion and Head Injuries – EC 49475**
A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed healthcare provider. *If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.* Yearly, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete’s initiating practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

**California Youth Football Act – HSC 124241 (6-12)**
Under state law, students who participate in football games in grades 6-12 must have a licensed medical professional present during the game, whether playing at a home game or away at another school. This does not include Physical Education classes or intramural football games outside of extra-curricular athletics are offered at the middle or high school.

**Food Allergies**
If you have a child who has a food allergy and may at any time eat in the school cafeteria or eat foods that may be prepared in the school cafeteria, it is mandated by the State of California for the parent/guardian to provide a physician statement regarding your child’s specific food allergy to your child’s school site. Medical Statement forms and School Cafeteria Menus are available on the BUSD website under the Food Services Department. [http://www.burbankusd.org/](http://www.burbankusd.org/)

**Emergency Treatment for Anaphylaxis – EC 49414**
EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine,
an insect bite, latex, or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse, and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives.

**Immunizations— HSC 120325, 120335, 120338, 120365, 120370, and 120375**

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school before January 1, 2016, will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunization records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

**State law requires the following immunizations before a child may attend school:**

(a) All new students, in transitional kindergarten through grade 12, to the Burbank Unified School District, must provide proof of polio, diphtheria, pertussis, tetanus, measles, mumps, rubella, hepatitis B, and varicella immunizations.

(b) All seventh grade students must also provide proof of a second immunization for varicella and a pertussis booster vaccination, also known as a TDAP.

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP).

Any pupil who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting the school district assist the pupil with prescribed medication as outlined in the physician statement. All requests are to be approved by the school nurse before use.

**Administration of Epilepsy Medication – EC 49414.7**

If a pupil with epilepsy has been prescribed an emergency antiseizure medication by his or her health care provider, the pupil’s parent or guardian may request the pupil’s school to have one or more of its employees receive training in the administration of an emergency antiseizure medication if the pupil suffers a seizure when a nurse is not available.
Administration of Prescribed Medication for Pupils – EC 49423 and 49423.1
1. Talk to your child’s doctor about making a medicine schedule so that your child does not have to take medicine while at school.
2. If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount is taken, and the name of the doctor who prescribed it(EC 49480).
3. If your child must take medicine while at school, give the school a written note from you and a written note from your child’s doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
4. As a parent or guardian, you must supply the school with all medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
5. All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
6. Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child’s name, doctor’s name, name of the medicine, and instructions for when to take the medicine and how much to take.
7. Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
8. Know and follow the medicinal policy of your child’s school. The school board may amend or rescind any of their policies for any reason in a public board meeting.

Students Returning to School After an Injury

Students needing any supportive appliances (crutches, cast, ace wrap, splint, wheelchair, etc.) must also have a written order from the prescribing physician. Children with cast and splints, etc. are not allowed to participate in physical activities, but alternative activities are arranged until the cast, etc. is removed. Recess and lunch activities may be modified for the safety and well-being of the child.

Sudden Cardiac Arrest – EC 33479 et seq.
Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack; it is a malfunction in the heart’s electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart’s structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. In a school district, charter school, or private school that elects to conduct athletic activities, the athletic director, coach, athletic trainer, or authorized person must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related.

A pupil who is removed from play may not return to that activity until he or she is evaluated by, and receives written clearance from, a physician or surgeon. Yearly, an acknowledgment of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil’s parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular school day or as part of a physical education course.

Pupil Swimming Safety – EC 35179.6
BUSD is committed to safety for all our students at our planned events, including around swimming pools. There is already a requirement for pool sport coaches to be fully-trained in CPR in case of accidental drowning in the pool. If there is any event on-campus or hosted at a swimming pool facility, at least one adult with a valid certification of CPR training will be present throughout the duration of the event.

Safety and Emergency Response Procedures
The safety and well-being of students, staff, and visitors at our campuses and district buildings is an important commitment. This includes safety and emergency planning, preparedness, and response. The collaboration of parents and students in preparing and practicing for emergencies or natural disasters is essential to how we respond in the event of an emergency or natural disaster. Please take a moment to review the general guidelines below as well as become familiar with the school safety and emergency response procedures at your son’s or daughter’s school(s).

Students:
1-Students will be advised of all school safety and emergency procedures and understand that they are in effect to keep students safe.  2-Students will receive instruction on safety and emergency response procedures for fire, earthquake, civil disorder, school lockdown, bus safety, air pollution, and local disasters. 3-Students are required to follow instructions from school staff members at all times and take their responsibilities seriously in an emergency.  4-All students are instructed to seek adult assistance at school or home in case an emergency occurs while on route to or from school. 5-Students will know the person(s) designated by their parents on the emergency information card to pick them up and care for them in the event their parent is unable to do so. 6-If evacuation is necessary, school staff may relocate to another location either through emergency transportation or walking. 7-All students will remain under school supervision until reunited with their parents or another designee.

Parents:
Parents must plan to pick up children from school following an emergency and instruct the child to remain at school, or other designated area, until the parent or other designee arrives. 2-Parents must remember that schools will not send children home in an emergency but may relocate them to an alternate site if it is determined that school conditions are unsafe. 3-Please familiarize yourself with the Earthquake/Disaster Plan and be patient with the student release process. 4-Parents must annually complete and provide updated information in the Emergency section of the Parent Portal for each child and notify the school of any changes during the school year. 5-Parents should review and reinforce the emergency information children receive at school and review their family emergency plan. 6-Please instruct your child to seek an adult’s assistance if an emergency occurs on the way to or from school. 7-Please monitor the Emergency Broadcast System for information related to schools during and after any disaster. For emergency news and information in Burbank, tune to 1620 AM on your radio.

State, County, or City Emergency Declaration
In the event the State of California, the County of Los Angeles, or the City of Burbank declares an emergency, BUSD will follow guidelines issued by public authorities. In the event of a pandemic, BUSD will follow the Pandemic Plan for K-12 schools and follow guidelines as issued by public health, the Los Angeles County Office of Education, and other government agencies and authorities. Some changes to procedures and activities may be necessary to comply with public health guidelines.

Photo Identification Requirement
For the safety and security of our students and staff, whenever you enter the school during the school day for any reason, you must present your photo identification to school office staff and they will utilize the Raptor system software to scan your ID per Megan’s Law requirements.

Camera Surveillance on School Property – PC 647(j)
For the safety of our students, staff, and visitors, the School District employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

Surveillance cameras will generally be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, surveillance cameras can’t cover all public areas of District buildings or all District activities.

District surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms. Any audio capability on the district’s surveillance equipment shall be disabled so that sounds are not recorded.

The Burbank Unified School District authorizes students to use technology owned or otherwise provided by the District along with personal devices for instructional purposes. The use of technology while on campus is a privilege permitted at the District's discretion. It is subject to the conditions and restrictions outlined in applicable Board policies, administrative regulations, and this Acceptable Use Agreement.

The District expects all students to use technology responsibly to avoid potential problems and liability. The District may place reasonable restrictions on sites, materials, or information students may access through our system. The District uses technology protection measures to block or filter access, as much as reasonably possible, to visual and written depictions that are obscene, pornographic, or harmful to minors over the network. The District can and will monitor users' online activities and access, review, copy, and store or delete any communications or files and share them with adults as necessary. Users should have no expectations of privacy regarding their use of District equipment, network, Internet, or files, including email. The above includes all personal items used on campus.

With parent/guardian permission, the District will make student email accounts available for all secondary students. Students will be allowed to send emails to other District accounts only. Student email accounts will be able to receive emails from outside sources, allowing students to use educational software and reset passwords. Email accounts are provided at the discretion of the District and can be suspended or revoked at any time.

For this agreement, technology includes, but is not limited to: computers, Chromebooks, the District's network (including servers and Wi-Fi), the Internet, email, USB drives, laptops, tablets, phones, and any other electronic device.

BRING YOUR DEVICE POLICY – STUDENT GUIDELINES

The following guidelines explain students' appropriate use of personally owned mobile devices. Please note that classroom teachers make the final decision as to whether or not devices will be allowed to be used in the classroom.

1. Students may possess or use personal electronic signaling devices on school campus provided that such devices do not disrupt the educational program or school activities and are not used for illegal or unethical activities such as cheating on assignments or tests or accessing inappropriate content.

2. The District assumes no responsibility for loss, theft, damage, or maintenance of student-owned devices brought to school. Students are solely responsible for the security of their own devices.

3. Electronic signaling devices shall be turned off and kept out of sight during class time or at any other time as directed by a school district employee, except where deemed medically necessary or when otherwise permitted by the teacher or administration. No student shall be prevented from using their cell phone in case of an emergency, except where that use inhibits the ability of school district employees to communicate instructions for the safety of students effectively.

4. The District assumes no responsibility for data used by students on individual cell plans.

5. Electronic devices to record video, pictures, and/or audio (while on campus) are not permitted unless given specific permission by a staff member.

6. Students are responsible for bringing fully charged devices to school. Devices cannot be plugged in and left in classrooms or other areas of the school. Teachers and staff are not responsible for devices left in classrooms or other areas of the school. Teachers and staff can allow charging if they deem it to be appropriate.

7. Devices are subject to search by school administration and law enforcement when it has been suspected that they have been used unlawfully or there is reasonable suspicion of wrongdoing, such as (but not limited to) cheating on tests, unauthorized recording (audio and visual). Otherwise, school district employees will not search a device without the express authorized consent of the student and the student's parent or legal guardian.

8. Students are not permitted to record images, media, or student work without prior consent and authorization from a school administrator or teacher.

9. High school students may use electronic devices during passing periods, nutrition, lunch, and after school, provided they are not oppositional to any of the above policies. Middle school students can only use devices during class with staff members' permission.

10. Students may not use electronic devices in ways that would disrupt educational or other school activities.

11. Students cannot be required to use their devices. The District expects that teachers will provide other tools for students to use (as required by instruction and equity of access) when personal devices are not available, or students choose not to use them.

12. Students may not share their electronic devices (for classroom use).

Violations of these conditions may result in progressive discipline. If a student's use of an electronic signaling device causes a disruption, a school district employee, on the first offense, may direct the student to turn off the device or reprimand the student. On subsequent offenses, the employee may confiscate the device and return it to the student at the end of the class period, school day, or activity. A student's right to carry such devices may be revoked for subsequent offenses except were deemed medically necessary. Students may be subject to other disciplinary measures when using an electronic signaling device violates independent school rules, such as prohibitions on cheating.
