September 1, 2023

Dear parents and families-

Happy Labor Day weekend-

Yesterday at school we talked a lot about school safety. Every student received a new student ID today and lanyard. We would like every student to wear the ID while at school. This will help us identify the students and staff on campus. We also spoke a lot about how to report concerning behavior. It is important that we work together to make sure our students and school are safe.

Please call our school to talk with Ms. Sharaga, Mr. Taylor, or myself if you have concerns about your child or a friend of your child.

These are important things to report:

Violent behavior

Threats (against other people )

Intense interest in weapons

Change in behavior

Talk of being bullied or harassed

Problems with housing

Interest in violence

Talk of self harm

I have attached a flier with a QR code you can use to report any concerning behavior. You can also call the office. All reports are kept confidential.

On a happier note, I am informing you that we do have some animals on campus. We have dogs and reptiles. All animals are monitored and if students interact with the animals we have them wash their hands. Please let me know if this might be a problem for your student.

This has been a wonderful school year so far. The students here are wonderful, intelligent young adults. I am so happy to watch them grow up this year. Back to School Night is September 7th @ 5:30 . See you there!

Ms. Weaver
