Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Burroughs is not a Title I school

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

- Burroughs is not a Title I school
- School plans aligned to LCAP goals for Reading/Language Arts and Mathematics
- School accountability aligned to LCAP accountability (Dashboard) including CAASPP results in Reading/Language Arts and Mathematics
- Federally funded programs are aligned to the requirements of each of those programs
- CSI, TSI, and ATSI requirements will be followed as schools are identified for support and intervention (new program improvement)
- Parent involvement and engagement are a priority of the district
- Professional development of certificated and classified staff is based on the needs of students and staff to increase student achievement
- Development and monitoring of the school plan activities and expenditures are performed by the School Site Council

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Prior to the pandemic the entire student body participated in an annual survey focused on, school climate, academic rigor, and social-emotional well-being connections to the school and fellow students. The results of the survey led to the creation of our Academic Excellence Program (comprehensive intervention period) and the PLC process for driving student learning. It also led to the lunch hour for counselors changing so that they are available to students during the student's lunchtime. We have the positions of Intervention Specialist and Intervention Counselor to assist students who are at risk.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Formal observations are disbursed equitably among all 5 administrators. The average number of formal evaluations for each administrator is approximately 10. Informal observations are handled differently. The entire teaching staff is divided by the 5 administrators equally. Each administrator is given a list of teachers to see informally. We switch our list every 10 weeks so that every administrator is able to see every teacher.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

After reviewing the results of state testing, district finals, and formative assessments, some subject teams are working to identifying essential standards, pacing guides, units, instructional strategies, and common assessments. Teachers go over current data on a monthly basis and adjust instruction based on the results.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

John Burroughs High School has a multi-faceted mechanism for monitoring progress toward the SPSA goals. The first occurs at the weekly administrative-leadership meetings. Student performance data and multiple measures are regularly examined, and discussed. For the past four years, there has been a focus on the analysis of individual student data and investigating appropriate intervention strategies to meet students' needs. Part of this process is that each of the 5 administrators schedules 2 hours of classroom observations a week to provide feedback. Additionally, the administrative team uses our Friday meeting time to visit ELD classrooms once a month. We then bring back the observation form and debrief about what we observed. Part of our administrative process to monitor ELL students is to analyze the ELPAC performance data in a longitudinal manner.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

John Burroughs High School will be using the data from district formative and summative assessments to guide instruction. In addition, the administration will be disaggregating the data from SBAC. There is a need to continue with the staff development programs noted in the SPSA to achieve the identified goals. The most recent SBAC data indicates that a concerted focus must be made on the achievement levels of English Learners, Students with Disabilities, and our Hispanic populations. As a direct result of analysis of SBAC data for 2019-2020 and department benchmark data from 2020-2021, our professional development plan includes goals in the areas of PLCs, formative assessments, and improving our comprehensive intervention program Academic Excellence.

All teachers meet State certification requirements. All classified staff meet ESSA requirements through District employment testing or having an AA degree at a minimum.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

The Burroughs staff has worked diligently towards creating a professional learning environment that provides systemic professional development to all staff. Having evolved from the original eight late starts to the twenty-eight early releases there would be an opportunity to map out professional development for an entire school year and in so doing better address the ongoing needs of the staff. Additionally, the early releases would allow time for staff to dialogue and share ideas. Foremost, would be the opportunity for staff members who attended conferences and seminars to share the knowledge and information gained.

The desire for systemic professional development was often a discussion point of the staff. There was a feeling that much more could be done to address increased student achievement if the time for collaboration was provided. The staff wanted to further analyze SBAC, ELPAC, and benchmark data.

With the input of the entire teaching staff and the Department Chair Committee, our Leadership Team created a year-long professional development calendar. The calendar is fundamental in providing the entire staff with a perspective on what is being addressed and how departments will integrate and collaborate on the goals. The teacher-led professional development will be focused on the integration of instructional strategies that will enhance teaching and learning with a focus on our WASC goals in the areas of instruction, intervention, and student wellness.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

A thorough analysis of triangulated data clearly points out the need to be focused on our school interventions for the students that make up our subgroup populations. The goal at John Burroughs High School is to meet our targets through a growth model. Specifically, we must strategically identify those students in each subgroup that are the closest to proficiency. The goal is to reduce the number of students in the "have not met" in each sub-group by 5%. The first step is for the Leadership Team at Burroughs to identify those students and determine what intervention or support would assist. With limited funds and support from the district office, John Burroughs High School is offering math intervention that is exclusively for our ELL population and it is in addition to a student's regular math class.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Professional development is organized and calendared through the Leadership Team. The focus of the Leadership Team is to encourage and inspire teachers as instructional leaders. Through many staff development opportunities, teachers serve as instructional coaches who share techniques and strategies to the staff through workshops and in-services.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers meet during 20 early release days to collaborate in departments. The focus of this work is guided by DuFour's Four PLC questions that drive instruction: 1) What do we want students to learn? 2) How do we know if they learned it? 3) What do we do if they haven't learned it? 4) What do we do if they've already learned it? Teachers are also given at least two days out of the classroom per semester to collaborate on this work as needed.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Using the data from the SBAC test, John Burroughs High School has shown improvement or maintenance in all areas. The achievement gap for the students at John Burroughs High School has been steadily decreasing. Over five years, the triangulated data is clear, our biggest challenge at Burroughs remains in the area of math. One of the factors contributing to a decrease in math performance centers on math placement. In the spirit of open access, the school allowed low-performing students to progress to the next math course in the sequence. The administration and the counselors have made adjustments in the process of placing students in math class to ensure their readiness and success. The vetting process included data analysis by administration and counselors, and parent communication to ensure agreement for their child's math placement.

English Learners and Special Education are also continued areas of focus at Burroughs. The goal is to provide these students with interventions and learning opportunities within a collaborative teaching format (special education and general education teacher) to maximize instruction and improve achievement. Counselors and administrators will be identifying those students who are at risk and meeting with those students and their parents as part of AB 1802. The intent of the meeting is to establish academic goals for the year, and identify guided assistance and intervention when available.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

John Burroughs operates on a traditional school calendar. Classes are 51 minutes in length and run semester long. Students' schedules are year-long for all but a hand full of courses: Psychology, Sociology, Government and Economics. English-Language Art and math classes fulfill California Education Code requirements.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The core area departments have created pacing calendars. These pacing calendars are reviewed through the District task forces. During professional development time and through school single subject meetings where teachers are able to review assessments and determine revisions to pacing calendars, identify standards that must be retaught and best practices.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All students are provided with the Board-approved, appropriate textbooks for all of their classes. Essentially, each student receives two textbooks for every class they take which requires a text. Students take one book home and use it for homework and assignments. All courses have classroom sets of the texts for students to utilize at school.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Only BUSD Board-adopted textbooks and intervention materials are utilized in all our academic courses

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Special education students benefit from the collaborative model where instruction is provided by a subject area teacher with support and modifications made by the special education aide. English Language Learners would also benefit from this collaborative model and thus receive rigorous instruction and in so doing reduce any gap in achievement. English Learners who are failing multiple classes at the 10-week mark, will be required to attend meetings with their parents and their counselor as part of AB 1802. These meetings will focus on: attendance, grades, and graduation requirements. The final component of the meetings will be to craft an individualized plan to improve student achievement. All of this is done in addition to the district-endorsed Systematic ELD strategies that all ELD, SDAIE, and transitional teachers are using in their daily instruction. Additionally, the administration is taking weekly ELD walk-throughs that allow for the monitoring of these strategies along with the SDAIE strategies which are also essential. Lastly, the administration is working to secure funds through EIA/LEP to fund additional support from an instructional aide that would be placed in both ELD and SDAIE classes.

Evidence-based educational practices to raise student achievement

At John Burroughs High School the committees which are entrusted with monitoring the Single Plan for Student Achievement (SPSA) are the School Site Council (SCC), Department Chairs, and the school Leadership Team. The SSC and the Department Chairs review the SBAC data in the fall semester. The data is disaggregated by key subgroups, and an academic focus is determined. The committees review the data in comparison to the goals outlined in the SPSA. Additionally, the SPSA and the SBAC data are presented to the English Language Advisory Committee and the PTA so that they are acquainted with the data and the findings. The committees have the opportunity to review, analyze and provide input. The School Site Council will monitor the effective implementation of the SPSA apart from the school leadership team and the department chairpersons. The School Site Council meets on the first Monday of each month. However, the committee has initiated additional meetings, when required.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parent involvement is critical to the governance of the school. At John Burroughs High School the committees which are entrusted with monitoring the Single Plan for Student Achievement (SPSA) are the School Site Council (SCC) and the Department Chairs. However, the plan is articulated to both the PTSA and the ELAC groups. The SSC and the Department Chairs review the CST data in the fall semester. The data is disaggregated by key subgroups, and an academic focus is determined. The committees review the data in comparison to the goals outlined in the SSP. Additionally, the SPSA and the CST data are presented to the English Language Advisory Committee (ELAC) and the PTSA so that they are acquainted with the data and the findings. The committees have the opportunity to review, analyze and provide input. The School Site Council will monitor the effective implementation of the SPSA apart from the school leadership team and the department chairpersons. The School Site Council meets on the first Monday of each month.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The Administrative/Leadership Team, consisting of the principal, assistant principals, and the representatives from each department, takes on the responsibility for ensuring that the ideas of the action plans, critical areas for follow-up, and the Single Plan for Student Achievement are carried out. Additionally, the administration and department chairs hold monthly meetings that provide a forum to discuss the schoolwide action plans, Single Plan for Student Achievement, critical areas for follow-up, student achievement data, and staff development. The School Site Council is another collaborative body that is responsible for reviewing the action plans, significant data, budget items, and the Single Plan for Student Achievement. The Site Council has been instrumental in providing essential information that has greatly influenced the final draft of the SPSA.

The goal of these bodies is to ensure that the self-study and its action plans are systemically reviewed, and modified as determined by data and/or budgetary constraints so as to drive the operations of the school.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

English Learners are supported at JBHS through LCFF Supplemental EL funds and Title III funds. The LCAP plan for Burbank Unified has also identified the ELL group as a focal point for funding.

Fiscal support (EPC)

The only categorical program that JBHS has funding allocated for is Title III (EL). This program supports English Learners who are performing below grade level in mathematics. The amount for 2022/2023 is \$6,382 for intervention, materials and/or professional development. \$999 is available for parent engagement.

JBHS does not receive Title I funding.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council is comprised of students, parents, teachers, and classified staff members who are all elected for a two-year position. The Principal is also a member.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Staffing is based on a district-wide formula and applied equally to all schools.

Funding is done with a per pupil formula and distributed to schools on an equitable basis.

Grade 11	623	621	548
Grade 12	552	600	551
Total Enrollment	2,463	2,468	2,338

Conclusions based on this data:

1. The past three years of enrollment show that enrollment is generally stable though there was a loss of about 150 student this past year.
2. Student enrollment by ethnicity is also pretty stable over the past three years.
3. We are seeing a steady increase of Hispanic students and a decrease in White students.

Conclusions based on this data:

1. In 2020-21, 85 English learners (3.4%) were identified from the school student population.
2. In 2020-21, 653 students (26.5%) were identified as Fluent English Proficient (FEP).
3. In 2020-21, 10 students were reclassified at Fluent English Proficient (FEP).

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

Two or More Races	134	5.7
Pacific Islander	3	0.1
White	774	33.1

Conclusions based on this data:

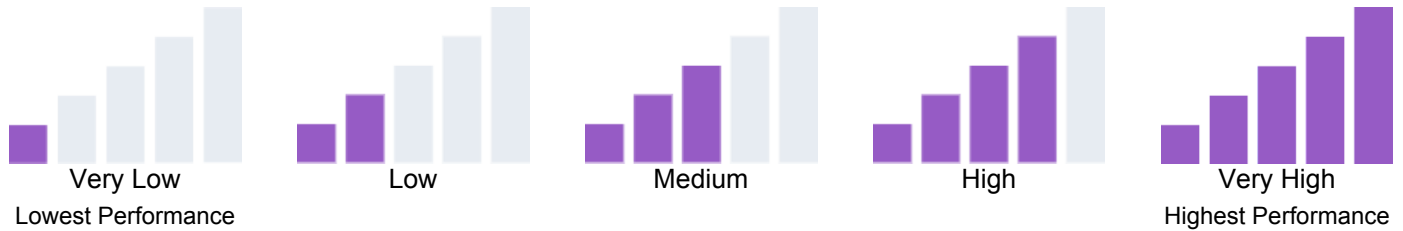

1. 27.8 percent of students participate in the free or reduced price meal program.
2. 14.1% of students participate receive Special Education Services.
3. The Hispanic (47.96%) and White (33.1%) subgroups are the largest subgroups at the school.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts High	Graduation Rate Very High	Suspension Rate Medium
Mathematics Medium		
English Learner Progress Medium		
College/Career Not Reported in 2022		

Conclusions based on this data:

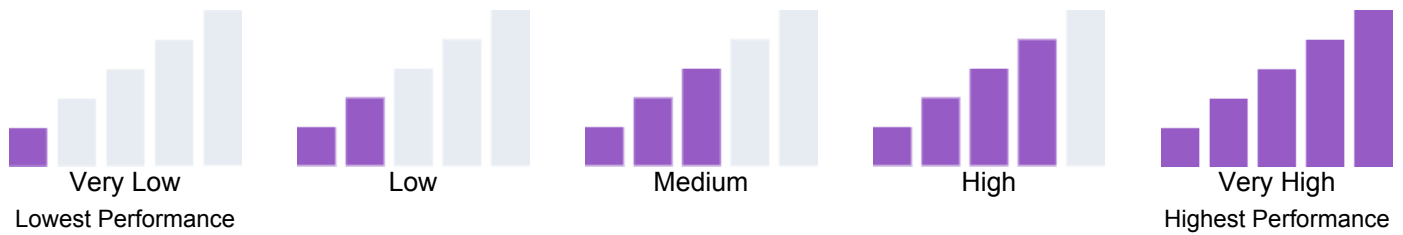

1. The graduation rate is in the Very High Category.
2. English Language Arts is in the High Category.
3. Mathematics is in the Medium Category. The suspension rate is in the Medium Category. English Learner Progress is in teh Medium Category.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
8 Students	13.9 points below standard 20 Students	50.6 points above standard 322 Students

Conclusions based on this data:

- The ALL students group is in the High Category with 37.8 points above the standard.
- The Socioeconomically Disadvantaged (21.5 points above standard) and Hispanic (15.7 points above standard) subgroups are in the Medium Category.
- The Students with Disabilities is in the Very Low Category with 49.3 points below the standard.

Conclusions based on this data:

- 54.0% of English Learners making progress towards English language proficiency.
- 8.0% of English Learners decreased one ELPI level. 22.0% of English Learners increased one ELPI level.
- 5% of English Learners maintained at ELPI Level 4.

School and Student Performance Data

Academic Performance College/Career

The data provided below is from the 2019 Fall California School Dashboard. Due to the COVID-19 pandemic, state law has suspended the reporting of state and local indicators on the 2020 Dashboard. However, available data that would have been included in the Dashboard are reported on the Department's web site if they were determined to be valid and reliable. Information regarding the reporting status of data is available at [COVID-19 and Data Reporting](#).

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

Conclusions based on this data:

1. ALL students scored in the BLUE zone increasing 8.1 points above the standard.
2. All subgroups are in the GREEN or BLUE zones.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

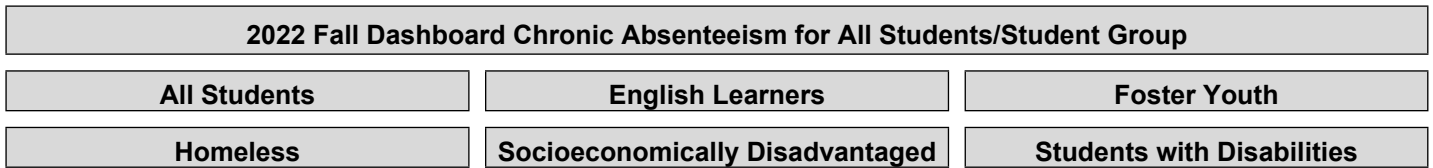

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Very High Lowest Performance	High	Medium	Low	Very Low Highest Performance
---------------------------------	------	--------	-----	---------------------------------

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

Conclusions based on this data:

- 1.

School and Student Performance Data

Academic Engagement Graduation Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

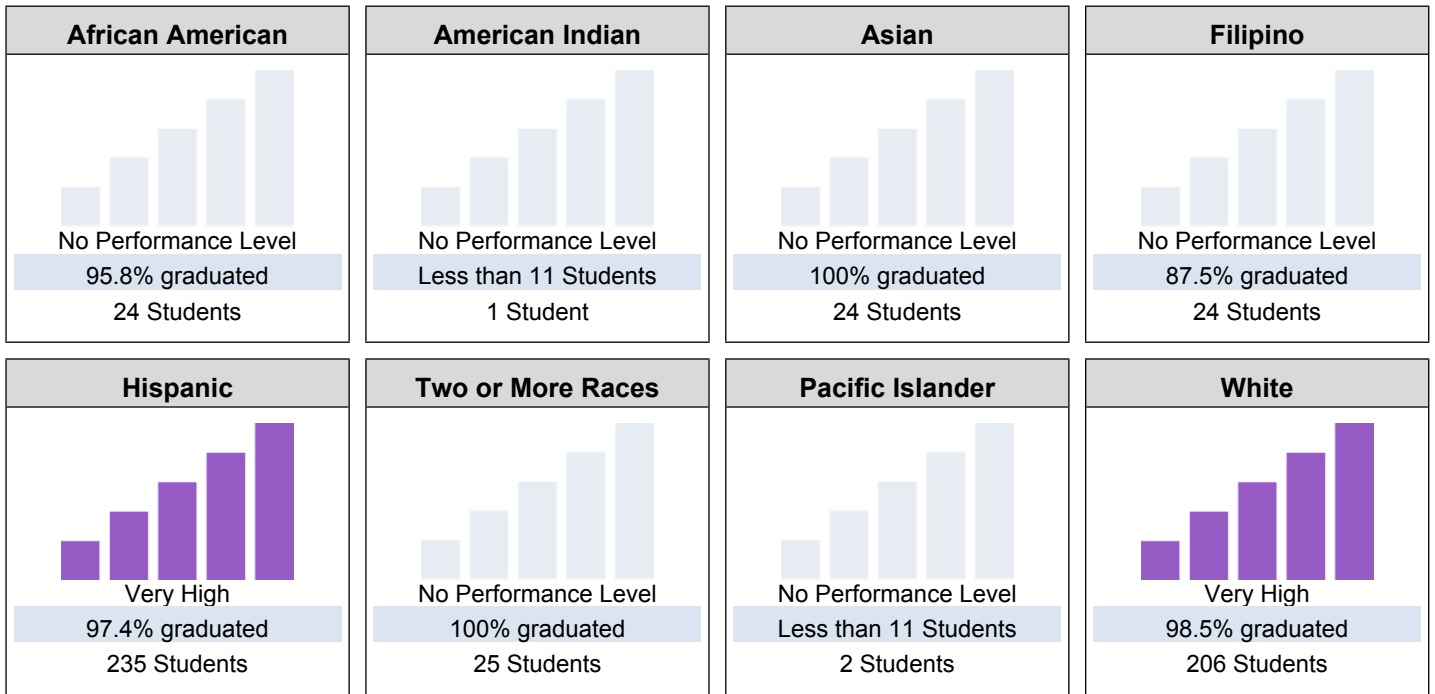

This section provides number of student groups in each level.

This section provides information about students completing high school, which includes students who receive a standard high school diploma.

2022 Fall Dashboard Graduation Rate by Race/Ethnicity

Conclusions based on this data:

1. The graduation rate is in the Very High category with 97.6% of students graduated
2. All subgroups are in the Very High or High Categories.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

1. ALL students suspension rate is in the Medium Category as is the English Learners, Hispanic, African American Students with Disabilities, White, and Socioeconomically Disadvantaged subgroup.
2. The Asian subgroups are in the Very Low Category.

4. Efficient and effective operations as measured by appropriate facilities especially classrooms that are conducive to the needs of the instructional program from the first day of the school year meeting Williams facilities requirements. (Business Services)

Goal 4

Increase in the number of students completing A-G Course requirements by 3% by end of 2022-23.

Board of Education Goals

1. Improve Learning and Achievement for Targeted Subgroups of Students
2. Improve Learning and Achievement for All Students
3. Continue to Align All Instruction and learning to California State Standards
4. Expand Programs to Prepare Students for College, Post-secondary Education, Training, and/or the Workplace from Preschool through Adult Education
5. Develop and Implement a Comprehensive Professional Development Plan for All Employees
6. Provide All Students with Access to Technology in the Classroom

LCAP Goals

1. Improve student learning and achievement for targeted subgroups of students.
2. Improve student learning and achievement for all students.
3. Align all instruction and student learning to California State Standards.

- 4. Expand programs to prepare students for college, post-secondary education, training, and/or workplace from pre-school through adult education readiness.
- 5. Provide all students access to technology in the classroom.

Identified Need

Increased completion of A-G course requirements for all groups.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
A-G Course Completion Rate	57.9% of graduates from the Class of 2022 met the A-G course requirements.	Increase by 3% of A-G course completion rate

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Matt Chambers	Principal
Anne Wenzel	Classroom Teacher
Aayush Bhambi	Secondary Student
Isaac Cruz	Secondary Student
Angela Osborne	Parent or Community Member
Charlene Allen	Parent or Community Member
Katherine Colvin Marvin	Parent or Community Member
Mariah Surico	Other School Staff
Todd Bixler	Classroom Teacher
Lisa Robertson	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 12-1-2022.

Attested:

Principal, Matt Chambers, Ed.D. on 12/1/2022

SSC Chairperson, Aayush Bhambi on 12/1/2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
