

SERVICE-LEARNING

Burbank Unified School District *Equity and Excellence*

BUSD Service-Learning

Dear Health/Career Students and Parents:

Welcome to Service-Learning. This project grew from the idea that education involves not only the development of knowledge, but also the development of conscience, social responsibility and compassion. It is the intention of this School-to-Career connection to prepare students for volunteering in their community through service.

Once students begin their service, we think they'll be pleased to see the impact their commitment and effort has on the lives of others. We hope that helping others will give a sense of accomplishment, confidence, and personal responsibility that will carry into all aspects of their lives.

Form A and Form C should be turned in to the Health/Career teachers in the 9th grade. Students wishing to complete more than the required 10 hours of service learning may do so. In grades 10, 11 & 12, students should turn in service learning forms to the College/Career Center Technician. Seniors that have not met their 10-hour requirement must turn the forms in to the College/Career Center Technician before the end of the first semester of their senior year. The technician will then record the hours of service completed in the student's school records. **As a reminder, completion of 10 service hours is a graduation requirement.**

We wish everyone a successful Service-Learning experience, and thank you for the energy and enthusiasm you bring to our program and your community. You are our community's most valuable resource.

Sincerely,

Sharon Cuseo
Assistant Superintendent

Program Guidelines and Rules

BUSD Service-Learning

Program Background & Design

Service-Learning began in Burbank Unified in the 1998-1999 academic year. Participation is required in 9th grade Health/Careers classes. A total of 10 hours must be completed by all students by the end of the first semester of their senior year, as this is a **graduation requirement**. Students completing 100 hours or more will receive special recognition upon high school graduation.

Service-Learning is **not** volunteering to do work at a “business for profit” or doing volunteer work for a family member or other individual, such as babysitting, cleaning, or mowing neighbor’s yards.

Definition of Terms

Service-Learning requires students to volunteer their time to help others or to perform tasks that will benefit the community. The concept of Service-Learning is designed to further reinforce a School-to-Career connection with the high school educational experience. Technically, the term “Service-Learning” refers to volunteer service (no pay) that is directly or indirectly linked to the school’s curriculum. In some cases, the tie-in is a subtle one, based on a student forming his or her own conclusions. A student volunteering in a nursing home, for example, may recall a short story whose theme stresses the importance of companionship: or a student working in a hospital may recognize terminology studied in a science class. In other cases, a teacher may encourage Service-Learning that incorporates an assignment related to a specific unit of study.

Selection of Service-Learning Sites

- Students selecting volunteer sites not on the Service-Learning Resource List must first submit a **Form B**, or check with their Health Teacher, or the College/Career Center Technician, for approval **before** performing service for credit. Form B can be obtained from the college and career center or it can also be downloaded on line from the school website. Pre-approved volunteer sites are placed on a frequently updated Service-Learning Resource List.
- Students are encouraged to work for non-profit organizations, where most volunteer work is acceptable.
Examples of acceptable activities at non-profit organizations include:
Stuffing envelopes, fund raising days like the AIDS Walk, working in a nursery while congregation members attend church services.
Examples of not acceptable activities at non-profit organizations:
Teaching in a class of religious instruction, or doing fundraisers that benefit the volunteer.
- Students volunteering at a for-profit organization will generally find this work will **not** be accepted for credit:
Examples of acceptable activities at for-profit organizations:
Helping collect food at an office Thanksgiving basket drive, working with a legal firm at an abused women’s shelter that does it as *pro-bono* work.
Examples of not acceptable activities at for-profit organizations:
Xeroxing, filing, answering phones in an office, **taking care of animals in a retail pet store.**

Program Rules

- Students must submit **Parent Permission Form (Form A)** before beginning their service.
- A maximum of 8 hours of service (for credit) per day is allowed.
- Students must maintain and submit a **Record of Service (Form C)**
- Credit will be given only upon the recommendation of the site and BUSD program coordinators

Record Keeping

- The College/Career Center Technician will record all service hours in the BUSD student record system.
- Ninth grade Health teachers will collect completed **Forms B and C** and turn them into the College/Career Center in May, where they will be kept on file through graduation.
- Tenth, Eleventh and Twelfth grade students are to turn in their forms directly to the College/Career Center Technician, where they will also be kept on file through graduation.

Awards

- Seniors who have volunteered a total of 100 hours or more will earn Service-Learning recognition (the initial 10 hours will count toward the 100). All awards must be claimed before the student graduates.
- The College/Career Center Technicians will monitor additional hours accumulated beyond the required 10 hours.
- To receive recognition for completing 100+ hours, the deadline to turn in the hours will be **the end of the third week in April of the student's senior year. Credit will not be given for hours turned in after this date.**

On-Campus Service Clubs

- Students are permitted to submit Service-Learning volunteer hours that have already been counted toward requirements for a specific school service club. These hours must be submitted to the College/Career Center Technicians.

Due Date for Completion of Full 10 Hours Requirement

All supporting documentation for the required 10 hours of service must be turned in to the College/Career Center **before the end of the first semester of the senior year**. Failure to meet this deadline will result in the student having to file an appeal in a timely manner. Check with the Guidance Office for appeal deadlines, forms and information.

Form A: Parent Permission Form

BUSD Service-Learning

(This form is also available in Armenian and Spanish)

All students must complete this form before beginning Service-Learning.

The Burbank Unified School District *Service-Learning* requires all high school students to volunteer 10 hours to help others by performing service to the community as part of the District's graduation requirements. Ten hours of participation are required during ninth grade. If for some reason, ten hours are not completed in 9th grade, the total of 10 hours must be completed by the end of the first semester of senior year.

Parent/Guardian

By giving my son/daughter permission to participate in the Burbank Unified School District Service-Learning, I understand and agree that:

- The program may require students to be off campus, working with outside agencies. Being off campus is not required to participate in Service-Learning.
- If off campus, transportation to and from the agency is the responsibility of the student and parent.
- Burbank Unified School District is not liable for accidents during Service-Learning activities or in transit to and from those activities.
- Burbank Unified School District is not liable for any injuries or misfortunes that may result from a student's participation in the Service-Learning activity.
- School personnel will not be on-site to supervise students volunteering in the community.
- All Service-Learning is to be completed during non-school classroom hours.

I am the parent or legal guardian for the student named below, and he/she has my permission to participate in the Burbank Unified School District Service-Learning at an approved Service-Learning site.
