

## How to Take Screenshot of Chromebook

### How To Take Screenshot of Chromebook

- If you want to take the full screenshot of the current window, then Press Ctrl+  .
- Press Ctrl + Shift+  to take the partial screenshot of the current window. But if you use any non-chrome os keyboard in case of chrome browser, then use Ctrl + F5
- To take the partial screenshot, you have to Press and hold on the trackpad and drag to show the area of the partial window. Here also press Ctrl + Shift + F5 for taking a screenshot on non-chrome os keyboard.
- After taking the screenshot, a pop-up window will be shown to get or save the image.

-  Click on the pop-up window to get the location of the saved screenshot.
