

**Teacher Name: Shelly Burish**

**Subject: 8th Grade U.S. History**

Email address	shellyburish@burbankusd.org
Google Classroom or teacher website information/link	Google Classroom
What websites or applications are you using to support instruction?	Google Classroom, Google Slides, Pear Deck, Flocabulary, Kahoot
Will assignments be due weekly or on specific days?	Weekly assignments will be due on Friday at 3pm.
How do students access the lesson or a make-up assignment when they are absent?	A Google Slide Deck will be used to provide students with teaching materials. All classwork will be completed/loaded in the deck. The slide deck will be accessible on Google Classroom.
If students are struggling in class, how/when can they get extra support? When are your office hours?	I recommend that students stay for the 35 minute tutorial period after the class session periods. This is when students can complete classwork, start homework, ask questions and receive immediate live help. Otherwise, they can email questions to me in the afternoon, or reach me in Social Studies office hours on Fridays, 9:30-10:30.
How often do you give assessments and/or big projects?	Assessments will be given approximately every 3-4 weeks. They will be a combination of writing assignments, multiple choice quizzes, and projects.
Do you accept late work? What are the parameters?	Late work is accepted but will receive partial credit.
What is the best way for students/parents to contact you?	For parents: Email For students: Through Google Classroom or email
How often should parents/students check the Aeries portal for updated grades?	Every two weeks
Other information	Things may change as the classes get started, but for now...this is my plan.
