ARTS FOR ALL STRATEGIC PLAN 2012-2022

EXECUTIVE SUMMARY

Introduction

In 2004, The Los Angeles County Arts Commission invited the Burbank Unified School District to participate in the 2004/2005 Community Arts Education Project (CAEP), a key strategy in the Arts for All: Los Angeles County Regional Blueprint for Arts Education. Arts for All (AFA) is a 10-year strategic plan to restore dance, music, theatre, and visual arts to the classroom, within the school day in Los Angeles County, and provides technical assistance to school districts to build their capacity to provide arts education through the adoption of a policy, a long-range plan and a budget. Districts that participate in the project become eligible to access funds from the Arts for All Pooled Fund. The stated mission of Arts for All: Los Angeles County Regional Blueprint for Arts Education: “To bring about systemic change in the 82 school districts of Los Angeles County in order to implement comprehensive, sequential K-12 arts education for every public school student in the County, adopting curricula in alignment with the State Board of Education-approved Visual and Performing Arts (VAPA) Framework.

The Burbank Unified School District was selected based on demonstrated leadership, readiness to engage in an arts education planning process, and strong indicators of district and community support. Community stakeholder representatives convened as the District’s first Community Arts Team (CAT) in 2004 and in December 2005, the Burbank Unified School District Board of Education adopted its first strategic plan. The 2005-2012 BUSD Arts for All Plan prioritized goals in six focus areas: Curriculum Development and Assessment; Professional Development, Program Administration and Personnel, Instructional Materials and Equipment, Partnerships and Collaborations, and Funding.

Focus Area 7: Communication Strategies and Goals was added by the Arts for All Steering Committee in May 2007.
In 2012, a second BUSD Community Arts Team (CAT) – comprised of teachers, administrators, community business, non-profit organizations, and parents – convened to review progress and renew commitment to continued growth. The objective this time was to develop new, updated goals to better reflect growth and address challenges to achieving equal access to a quality, standards-based visual, media, and performing arts education for all Burbank Unified students.

### Progress to date on 2012-2022 BUSD Arts for All Plan Goals:

- Expanded Elementary Music Program to weekly instruction for grades 2-5 by adding 3 additional credentialed music teachers for a total of 5 fulltime elementary music teachers
- Restored a District Instrumental Repair and Replacement Budget through the Local Control Accountability Plan
- Increased funding to support secondary visual arts materials and supplies budget
- Developed K-5 sequential, standards-based curriculum in Theatre and Dance
- Provided professional development in Theatre, Dance, Visual Arts, and Music for K-5
- Trained more than 150 elementary and secondary teachers in arts integration instruction to meet Common Core standards
- Increased access to Broadcasting and Animation for Burbank and John Burroughs high school students
- Developed middle school digital arts programs for Jordan, Muir, and Luther middle schools
- Miller, Providencia, Stevenson, McKinley, and Washington elementary schools awarded California Department of Education “Exemplary Arts Program” recognition
- Piloted and expanded theatre arts integration strategies to increase English Language Development student achievement in middle schools
- Completed School Arts Survey data collection in 2012 and 2015

Since 2012, Burbank Unified has appointed new school site and District level administrators, including Superintendent Matt Hill in 2015. Common Core standards have been implemented, and BUSD has benefitted from numerous grants. Expanded community partnerships and improved funding from the State of California have supported growth in all visual, media, and performing arts instructional programs. With these areas of progress in mind, Superintendent Hill requested a review of the 2012-2022 Arts for All Plan and in January 2016 a new CAT was convened to consider revisions and additions to the strategic plan.

The group convened January 2016 - April 2016. Ideas and proposed goals generated by the team members were shared with additional stakeholders including K-12 principals, K-12 visual, media, performing arts and generalist teachers, English Language Development and Special Education administration, Burbank Arts for All Foundation members, and finally, with the Superintendent, Assistant Superintendents, and Directors before a final draft of the BUSD Arts for All Plan was submitted to the School Board on June 2, 2016 for ratification.
**The Burbank Arts for All Plan**

The BUSD Arts for All Plan is rooted in the California Model Arts Program (MAP) structure used by the LA County Arts Commission since the inception of Arts for All. 2016 CAT members reflected and agreed to collaborate with the following elements in mind:

Mission Statement

Every student in the Burbank Unified School District will have access to a high-quality, standards based sequential arts education programming PK-12.

Vision

Over the next 10 years as a result of our actions we will see:

- Build and sustain a culture that values arts education and is recognized for excellence.
- All K-12 students will have access to sequential, standards-based art education that includes authentic discrete and integrated learning experiences.
- Established visual, performing, and media arts College and Career Readiness Pathways.
- Scheduling that supports and improves student access to arts instruction before, during, and after school.
- Well maintained state-of-the-art facilities, materials, and equipment that provide creative spaces and resources for all arts programming.
- Robust annual funding dedicated to arts programs for every school site and discipline.
- Effective communication, collaboration, and outreach with community partners at district, school site, and course levels.
- Ongoing professional development and additional staffing to support and provide arts education.

Focus Areas of the Burbank Arts for All Plan include:

1. Standards Based Curriculum, Student Assessment & Professional Development
2. Program Evaluation; Program Administration
3. Scheduling, & Personnel
4. Partnerships and Collaboration
5. Facilities, Instructional Materials, Supplies, Equipment, & Technology

Appendix A: BUSD Board Policy 6142 – Arts Education

Burbank USD | BP 6142.6 Instruction
Visual And Performing Arts Education

The Board of Education believes that visual and performing arts are essential to a well-rounded educational program and should be an integral part of the course of study offered to students at all grade levels. The district's arts education program shall provide opportunities for creation, performance, and appreciation of the arts.

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

The Board supports the following elements, among others, in developing and implementing the district's arts education in district schools:

1. Standards-based arts curriculum, scheduling and assessment
2. Qualified teachers in the arts
3. Professional development for classroom and art teachers consistent with California's Visual and Performing Arts content standards
4. Standards-based instructional materials and equipment
5. Facilities appropriate to achieve educational/instructional standards
6. Opportunities to showcase student learning and student work
7. Integration of and access to professional artists, cultural organization and other community arts resources
8. Provision for ongoing review, program evaluation, and development of the district's arts education program.

The Board shall adopt academic standards for dance, music, theatre, and visual arts that describe the skills, knowledge, and abilities that students shall be expected to possess at each grade level. The district's standards shall meet or exceed state standards for each of these disciplines.

(cf. 6011 - Academic Standards)

The Superintendent or designee shall develop a sequential curriculum for dance, music, theatre, and visual arts which is consistent with the state curriculum framework and includes the following strands:

1. Artistic perception: processing, analyzing, and responding to sensory information through the use of language and skills unique to each arts discipline
2. Creative expression: composing, arranging, and performing a work and using a variety of means to communicate meaning and intent in one's own original works
3. Historical and cultural context: understanding the historical contributions and cultural dimensions of an arts discipline
4. Aesthetic valuing: analyzing and critically assessing works of dance, music, theatre, and visual arts
5. Connections, relationships, and applications: connecting, comparing, and applying what is learned in one arts discipline to learning in the other arts, other subject areas, and careers.
The Board shall adopt standards-based instructional materials for visual and performing arts in accordance with applicable law, Board policy, and administrative regulation, which may incorporate a variety of media and technologies.

(cf. 6141 - Curriculum Development and Evaluation)

As appropriate, the Superintendent or designee shall provide a standards-based professional development program designed to increase teachers' knowledge of and ability to teach the arts and to implement adopted instructional materials.

(cf. 4131 - Staff Development)

The Superintendent or designee shall encourage the integration of community arts resources into the educational program. Such resources may include opportunities for students to attend musical and theatrical performances, observe the works of accomplished artists, and work directly with artists-in-residence and volunteers. In addition, the Superintendent or designee may collaborate with community organizations to share resources and seek grant opportunities.

(cf. 1230 - School-Connected Organizations)

(cf. 1240 - Volunteer Assistance)

(cf. 1260 - Educational Foundation)

(cf. 1700 - Relations between Private Industry and the Schools)

(cf. 3290 - Gifts, Grants and Bequests)

(cf. 6020 - Parent Involvement)

(cf. 6153 - School-Sponsored Trips)
The Superintendent or designee shall regularly evaluate the implementation of arts education at each grade level and report to the Board regarding its effectiveness in enabling students to meet academic standards.

(cf. 0500 - Accountability)

(cf. 6162.5 - Student Assessment)

The Board also supports the need to provide funding for high quality, standards-based K-12 arts education in an equitable manner, consistent with the principle that arts education is an integral part of the core curriculum and consistent with the adopted "Arts for All" plan.
