

Pesticide Products – EC 17612

The District is providing parents the name of all pesticide products expected to be applied at school facilities this school year. That identification includes the name and active ingredients. Parents and guardians may register with the district if they wish to receive notification of pesticide applications at a particular school or facility, please request a REQUEST FOR INDIVIDUAL PESTICIDE APPLICATION NOTIFICATION from their school. Further information is available from the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015. www.cdpr.ca.gov
